LIST OF SUBCONTRACTORS

Use pages 1-6 and 1-7 to list subcontractors including manufacturers, truckers and equipment rental companies.
Use page 1-8 to list vendors and/or suppliers and brokers.

To be eligible for award of this project, the Board of Public Works requires the bidder to subcontract a minimum of its bid, as discussed in the Mandatory Subcontracting Minimum (MSM) Requirement paragraph on the important Notice page of the Proposal, to any qualified available Subcontractor(s). Failure to list subcontractors and subcontracting amounts on pages 1-6 through 1-8 with the bid sufficient to meet or exceed the MSM may cause the bid to be rejected by the Board of Public Works as non-responsive.

In accordance with provisions pertaining to the listing of Subcontractors, the bidder shall list herein each first tier Subcontractor to whom it proposes to subcontract portions of the work in an amount in excess of 1/2 of 1% of the Contractor's total bid or $10,000.00, whichever is greater, and the dollar value of each listed subcontract. However, the bidder must list any additional subcontractor and dollar value to the subcontract, regardless of amount, if the bidder wishes to have the subcontract amount credited toward meeting the MSM level of participation for this project. No MBE, WBE, SBE, EBE, or DVBE credit will be given unless the subcontractor and subcontracting amounts are listed on pages 1-6 through 1-8. Note the following when calculating the pledged levels of participation:

- MSM credit will not be given to a joint venture partner listed as a Subcontractor by a joint venture.
- Listed vendors and/or suppliers will be limited to 60% of their listed dollar value toward achieving both the MSM and the anticipated MBE, WBE, SBE, EBE, and DVBE levels of participation for this project, unless the vendor and/or supplier manufactures or substantially alters the materials/supplies.
- SBE, EBE, and/or DVBE certified bidders will receive applicable SBE, EBE, and/or DVBE credit for the value of the work to be performed by its own workforce as listed below.

Bidders are encouraged to use MBE, WBE, SBE, EBE, and DVBE firms whenever there is a need to subcontract portions of the work.

A bidder who “engages in investment activities in Iran” is defined as either:

1. A bidder providing goods or services of twenty million dollars ($20,000,000) or more in the energy sector of Iran, including provision of oil or liquefied natural gas tankers, or products used to construct or maintain pipelines used to transport oil or liquefied natural gas, for the energy sector of Iran; or

A bidder that is a financial institution (as that term is defined in 50 U.S.C. § 1701) that extends twenty million dollars ($20,000,000) or more in credit to another person, for 45 days or more, if that person will use the credit to provide goods or services in the energy sector in Iran and is identified on a list created by the California Department of General Services (DGS) pursuant to PCC § 2203(b) as a person engaging in the investment activities in Iran.

The bidder shall certify that at the time of submitting a bid for new contract or renewal of an existing contract, the bidder is not identified on the DGS list of ineligible businesses or persons and that the bidder is not engaged in investment activities in Iran in violation of the Iran Contracting Act of 2010.

California law establishes penalties for providing false certifications, including civil penalties equal to the greater of $250,000 or twice the amount of the contract for which the false certification was made; contract termination; and three-year ineligibility to bid on contracts (PCC § 2205).
