TRANSMITTAL:

Application dated September 21, 2016 from Al Grazioli from Los Angeles Unified School District.

DISCUSSION:

Request: The petitioner, Los Angeles Unified School District, owner of the properties shown outlined in yellow on Exhibit “A”, is requesting the vacation of the public alley
area shown colored blue. The purpose of the vacation request is to consolidate the proposed vacation area into Harmony Elementary School.

This vacation procedure is being processed under procedures established by Council File No. 01-1459-S1 adopted by the Los Angeles City Council on January 31, 2017.

Resolution to Vacate: The Resolution to Vacate will be recorded upon compliance with the conditions established for this vacation.

Previous Council Action: The City Council on November 15, 2002 conditionally adopted the City Engineer’s report dated September 10, 2002. Since the petitioner failed to complete all conditions of the vacation within the time limit, the vacation request expired. On September 21, 2016, the petitioner submitted a new application. The Council on June 13, 2017 under Council File No. 01-1833 adopted an Initiation of Vacation Proceedings for this proposed vacation.

Zoning and Land Use: The properties adjoining the areas to be vacated to the north and south are zoned R2-1 and are developed with school facilities. The properties to the northeast and southeast are zone R2-1 and are developed with residential buildings.

Description of Areas to be Vacated: The areas sought to be vacated are a portion of the L-shaped alley adjacent to Lots 4 through 6, John Taylor Tract and Lots 20 through 22, Mettlers Central Avenue Tract, lying easterly of McKinley Avenue and southerly of 42nd Street and currently developed with school facilities and recreational facilities.

Adjoining Streets: 42nd Street is an improved local street dedicated 50 feet and 57 feet in width with a 34-foot wide roadway, curbs, gutters and 10-foot wide sidewalks on both sides. McKinley Avenue and 42nd Place are improved local streets dedicated 60 feet in width with a 40-foot wide roadways, curbs, gutters, and 10-foot wide sidewalks on both sides.

Surrounding Properties: The owners of lots adjoining the vacation areas have been notified of the proposed vacation.

Effects of Vacation on Circulation and Access: The vacation of the alleys should have no adverse effect on vehicular circulation or access since the affected alleys are no longer exist and are now developed with school facilities.

The alleys are also not needed for the use of pedestrians, bicyclists or equestrians.

Objections to the vacation: There were no objections to the vacation submitted for this project.

Reversionary Interest: No determinations of the underlying fee interest of the vacation areas have been made as to title or reversionary interest.
Dedications and Improvements: It will be necessary that the petitioner provide for the improvements as outlined in the conditions of this report.

Dedications and improvements were provided per previous vacation conditions adopted by Council in November 15, 2002 by Document No. 20161187690 and per City plan P-34869. A Bureau of Engineering, Central District office clearance memo will be required as part of the conditions of this vacation.

Sewer and Storm Drain: There are no existing sewer or storm drain facilities within the areas proposed to be vacated.

Public Utilities: The Department of Water and Power and Southern California Gas Company did not respond to the Bureau of Engineering’s referral letter dated December 6, 2016.

Tract Map: Since there are no dedications required, and the necessary improvements can be constructed under separate permit processes, the requirement for the recordation of a new tract map could be waived.

City Department of Transportation: The Department of Transportation (DOT) states in its communication dated February 27, 2017 that the vacation is not opposed provided that all abutting property owners are in agreement with the proposed vacation, and provisions are made for lot consolidation, driveway and access approval by DOT, and any additional dedications and improvements necessary to bring all adjacent streets into conformance with City’s new Mobility Element of the General Plan.

City Fire Department: The Fire Department states in its letter dated February 7, 2017 that they have no objection to this street vacation.

Department of City Planning: The Department of City Planning did not respond to the Bureau of Engineering’s referral letter dated December 6, 2016.

Conclusion: The vacation of the public alley areas as shown colored blue on attached Exhibit “A” could be conditionally approved based upon the following:

1. They are unnecessary for present or prospective public use.
2. They are not needed for vehicular circulation or access.
3. They are not needed for non-motorized transportation purposes.

Respectfully submitted,

Edmond Yew, Manager
Land Development & GIS Division
