Summary: The residents of Eagle Rock in Council District 14 have asked for space to develop a dog park within their neighborhood. The southeast area of Eagle Rock Recreation Center, between the baseball diamonds and picnic area along Figueroa Street, has the potential to be a prime location for this new dog park. The area is managed by the Department of Recreation and Parks as a park facility. A feasibility report should be prepared by Recreation and Parks, with recommendations for City Council to establish a new Eagle Rock Dog Park. The report should identify all the necessary steps to create this unique experience for members of the community. The recommendations should include all the language and approvals needed from Recreation and Parks and other pertinent entities in the City.
