Summary: Motion: The Woodland Hills Warner Center Neighborhood Council (WHWCNC) supports the motion to related to Council File 06-0125-S2 relative to Nuisance Motels, Police Department Service Calls and a Permit Feasibility Study currently pending in the Public Safety Committee and a hearing date has not been determined. The City of Los Angeles is looking to explore the feasibility of a regulation program for nuisance motels that attract gang activity, drug use and prostitution. Such a program would have to be based on crime and calls-for-service statistics which would support the need to regulate motels. This motion is asking for a study to determine whether a police permit regulation is necessary to improve the safety issues at motels in the City. This is a citywide concern and necessary steps are needed to have an effective regulatory system in place. The WHWCNC supports the study and holds back any determination supporting or not supporting the conclusions that may be the result of the study until such conclusions are available for public vetting.
