Brief Summary: This is to inform you that on April 20, 2006 the Historic Highland Park Neighborhood Council (HHPNC) voted to adamantly and vigorously oppose the Mayor's proposed trash collection hike of 100% (from \$11 to \$22), especially after an 83% hike in two stages last year (first from \$6 per month to \$10 and then to \$11). This is not a proper way to tax and to raise funding for police, and in fact is far and away more than is needed to put 1,000 new police on the streets. It is an attempt to get completely discretionary funds for the City. LAPD can't even fill its current training slots at the academy and increased funding is not going to improve that situation. The last property tax increase proposal to increase police also failed.
