Dear Councilmember Rosendahl,

We reside within 100 feet of the proposed street vacation and we are writing to support this action. Moving the sidewalk to the North towards the bus depot would improve the foot traffic situation on Thornton Place, and would make our neighborhood safer for residents and passers-by alike, without limiting public access to Pacific Avenue or Thornton Place.

Sincerely,

Leslie and Nick Geller

Dear Councilmember Rosendahl, Arturo Pina, Mark Grant, Laura McLennan, Whitney Blumenfeld, Venice Neighborhood Council, Linda Lucks and Jake Kaufman,

I reside within 500 feet of the proposed street vacation and I am writing to support this action. It is nice to have a patch of green on our block and it keeps traffic down. We have many animals and children on our block and feel safer with this lot to stay as it is.

Sincerely,
