Dear Councilmember Richard Alarcon:

We the undersigned Friends of Pico-Union are respectfully requesting your support in our opposition to the proposed petition to rename the Pico-Union / Westlake / MacArthur Park communities to "the Central American Historic District" or "Historical Central America Town". As true representatives, who have years of service working and residing in these communities, we feel that the name change is singling out only few ethnicities not counting Mexicans, all the South Americans and the multi-ethnic population in the three communities. The name change would jeopardize the rich, cultural and ethnic diversity of its residents, and/or their contributions to the communities. The threads of the community's extensive melting pot are evident in the lines of native Pico Union Writer Luis Alfaro's theater performances; as well as, the lines outside Langer's Deli during lunchtime. Furthermore, it is widely believed that a name change will trigger a race war between the Central American MSM gang and 18th Street Mexican gangs that could potentially dwarf the African American and Latino tensions felt in South Los Angeles, bringing additional gang activity into a community that is already overwhelmed fighting against crime and violence. The name change would be of great detriment to the residents of these communities and negate all of the City of Los Angeles' positive efforts in policing the areas.

The Pico Union Neighborhood Council on 08/06/2007 has voted unanimously in favor of a motion not to accept the name change. This affirmative decision was confirmed by the 50 stakeholders present at the meeting, who spontaneously joined with the Board's vote, by raising their hands in unanimous support of the Board's vote. The City of Los Angeles' Community Redevelopment Agency and Pico-Union Community Advisory Groups (CAG) I and II also voted in favor to keep the names of Pico-Union, Westlake, and MacArthur Park.

The Friends of Pico-Union recognizes all of your efforts in serving our population and would appreciate your continued support in opposition of the name change petition. If you would like any additional information regarding the name change or community itself, please contact Michael King at (213) 763-0505.

Re: NAMING AND RE-NAMING COMMUNITIES

We, the elected Board of the Pico Union Neighborhood Council, were asked to convey to you that our community opposes any name change, and that we want our existing, truly historical names of Pico Union and Westlake to remain in perpetuity.

At our monthly Pico Union Neighborhood Council meeting on August 6, 2007, a discussion was held on the subject of the re-naming of the communities of Pico Union and Westlake (which includes the National Monument MacArthur Park) to Historical Central American Town or Central American Historic District. Pico Union, as well as Westlake and MacArthur Park were established in the late 1800's and early 1900's. They have a long and unique history interwoven in the history of Los Angeles. The history of one is dependent on the history of the other. Neither is complete without the other. If we lose our history, our heritage, and our heroes, the whole history of Los Angeles will have been severely compromised.

The re-naming proposals are outlined in Council Files #'s 07-1971 and 07-1854. Since we had not been contacted by the applicants, as required by Council File #02-0196, we felt it necessary to bring this matter before the body of the Neighborhood Council for discussion and then take the action requested of us. Many people spoke. Not one person was in favor of the proposed change. The board voted unanimously in favor of a motion to keep the existing name of Pico Union. This affirmative decision was confirmed by the 50 or so stakeholders present who spontaneously joined in the board's vote and raised their hands in unanimous support.

We welcome the applicants to present their proposal, as required by law, to this Neighborhood Council.

Re: HISTORIC CENTRAL AMERICAN TOWN

The Pico Union Neighborhood Council has again voted to oppose the renaming of Pico Union as "Historic Central America Town".

Item 7 on the agenda for the November 5, 2007 general board meeting was "Presentation by "El Rescate"-Historical designation/Name change-Official Board Action-final vote".

Mr. Francisco Rivera and Mr. Salvador Sanabria addressed the meeting, which was comprised of approximately fifty stakeholders, guests and board members, stating his desire to obtain approval of the petition to rename Pico Union as Historic Central American Town. Mr. Rivera explained that his group had obtained 1500 signatures from people of all ethnic groups and that they wanted this designation so that the central american non-profit organizations could obtain more funding. He also stated that the petition was not a name change, and that the name change was supported by Councilman Ed Reyes and Mayer Villaraigosa. A question and answer period followed his presentation, with questions and comments by stake holders, board members and the representative of CD-1. Although the issue under consideration was emotionally charged the chair enforced order during the presentation, ensuring that all present had equal opportunity to speak without interruption. It appeared as if the overwhelming opinion of the community was against any change to the name of Pico Union. In his concluding remarks, Mr. Rivera stated that we (in Pico Union) treat (Central Americans) like they don't belong, and that they would take legal action against the P.U.N.C. for our opposition.

A motion to oppose the renaming petition was made and seconded. The motion carried when the 12 board members present voted unanimously in its favor. Therefore the Pico Union Community is officially opposed to being renamed "Historic Central American Town".

Dear Ms. Farias:

On behalf of the MacArthur Park Neighborhood Council (MPNC), I am writing to thank you for your presentation regarding your opposition to the proposed Historic Central America Town, on August 15, 2007, during the Regular Meeting of the Governing Board of the MPNC.

We acknowledge receipt of the documents that you have submitted to the board.

The Board passed a resolution on August 15, taking no official position on the Concept of the formation of the Historic Central America Town without a thorough understanding of the controversy surrounding this issue. Unfortunately, a request for a hearing from both sides to the Board was declined by one of the parties involved. We will continue to invite all concerned citizens and groups to make further presentations in regards to this concept.

Thank you again and we look forward to working with you for the betterment of the MPNC area which we both represent.

Very truly yours,

Dear Ed Reyes,

RE: Renaming of Pico Union and Westlake to Historical Central America Town

This matter was presented to the Pico Union 1 & 2 Community Advisory Groups at the May 14, 2007 and August 14, 2007 meetings, by Mr. Francisco Rivera. It was opposed unanimously at both meetings.

We want to emphasize that renaming Pico Union to the Historical Central American Town is divisive, and contributes to community polarization. In addition, we maintain that the renaming of Pico Union undermines the efforts of your office, and the Pico Union community, who have worked tirelessly in establishing Pico Union as a Historic Preservation Overlay Zone in 2004. Council office was very supportive in the community efforts for change in the Library design, as well as in the community input into the fire station design. Both designs are beautiful.

As you are well aware, Pico Union, Westlake, and the National Monument MacArthur Park have a history of over 150 years, interwoven in the history of Los Angeles. That history cannot be deleted or changed! The history of Los Angeles is incomplete without the history of Pico Union and Westlake.

The Community strongly urges you to oppose this re-naming of our community.

Sincerely yours,

Acting Community Advisory Group for CRA PAC 1 & 2

To City of Los Angeles

My name is Amelia I was born in Texas and raised in California. I am proud to say that both my parents were born in beautiful Mexico. I come from a very large family. As I became a parent of three. I moved to the Central Valley where I found myself surrounded by predominantly Hispanic workers (Farm Labor). As the seasons change without knowing what lies ahead so do our dreams. Before I knew it I was living in down town Los Angeles. A city which speaks for it self! Large building, millions of lights and the beauty that surrounds us. But what makes Los Angeles (Pico Union) are we the people of a diversify ethnics and values coming together from all parts of the world.

What makes Pico Union so special is that it has been around for many, many years. A name well known. Just like the name George Washington, Toyota, Yosemite National Forrest. It is the name that we remember and what they did for us and what they are still doing today. Pico Union is like a historic monument. When I speak to single person or a family of eight, of Pico Union they know who we are and what we stand for. It doesn't matter what nationally they are a conversation usually strikes. Please note that to change the name of Pico Union to Historical Central America Town would be unfair to our society. It would bring anger and frustration to our community. Change is hard and the change that needs to be made should be made by society we the people not a group of people. We and I speak for those who are not present and not aware of this situation are in opposition of the Pico Union name change from Pico Union to "Historical Central America Town". Yes, it is hard to want to change a name, but it is even harder to change something that is not even broken. Please think of the long term effect it will have on our society. and all the struggles that we have gone through just to keep our name in good standing.

Please let us make a wise decision by keeping the name Pico Union and living the dream that some one long ago came up with. For many of us from all around the world just living in Los Angeles and knowing that Pico Union Housing Corporation is here to help them and their family is a ~~dream~~ come true.

Sincerely
Amelia Valdez-PonceDeLeon

My name is Jaime Lopez I'm 47 years old I'm also a father of two boys that were born here in L.A. Calif. I been married to a beautiful woman from El Salvador C.A. for 25 years I'm from El Salvador myself. I been living in this neighbor for the past 35 years, when I start living in this neighbor I made a lot of friends from all different countries like, Mexico, Ecuador, Nicaragua, Honduras El Salvador etc.

This neighbor has people from all different countries I know that the majority are Latinos I remember when I was growing up it was a big problem in school (Gangs) because a lot of the gang members were from Mexico or Chicanos but some body started a gang name M.S. And they started fighting against Mexicans until now they still have the same problems, now if we talk about regular people (not gang members) there are a lot of Central Americans that doesn't like people from Mexico and if you talk to them they all have different reasons why they can't get a long now imagine if they change the name from Pico Union to Central America Town I know for a fact that a lot of people will be very disappointed and started a big fight between Mexicans and people from Central America for the simple reason that until this day there are a lot of Latinos that can't or don't want to get a long with Mexicans.

My personal opinion is to leave it the way its.

To Whom It May Concern:

I write this letter in regards to the name change for Pico Union. I'm apposed to the whole Idea. I've lived in Pico Union for the last twenty years, there is a lot more nationalities than just Central Americans, there is, Japanese American, Mexican American, Chinese American, and Porto Rican American. The name will just concentrate on one ethic background and Pico Union is made up of many backgrounds witch make Pico Union Unique. I don't know if I'm being a little to demanding but I think that with serving thirteen months in Iraq as an Infantry soldier asking for the town I grew up in name not to be changed is not a lot to ask for. I hope we keep the name because it's not just a name is the history behind it.

Dear: Honorable Villaraigoza

My name is Edith Miranda, I live in the Pico Union area, and I have lived here for 12 years.

I read in the newspaper that the new name for this area will be changing to "Historical Central America Town" and, I am in disagreement because this area not only has Central Americans, but has a diversity of nationalities. It would be a disappointment to all other nationalities because you are singling one specific nationality and as you are trying to stop gang violence this would be contradicting yourself, because we are all one.

So in closing I would really like to see the areas stay with the names they already have because the names are just areas not names of nationalities.

Thank you for your time and attention.

Sincerely,

My name is Celia Rojas I from Ecuador and I have lived here for some years. I live in Pico Union area. Our community is held together by a diversify population. Such as South America and Central America. And because of this we have seen such a growth in our community. One of the reasons we do not want to change the name is because it is very well known through out the years. It is like a tradition for our children that are coming behind us and are well familiar with the Pico Union name. My children and my self are in opposition of the Pico Union name change from Pico Union to "Historical Central America Town".

Please take into consideration all this letter

Re: Renaming of the Pico Union and McArthur Park area.

Our community vehemently opposes the renaming of McArthur Park and the Westlake Area, including Pico Union, to Central America Town or any other name. We have a history of which we are proud. We are the first suburb of Los Angeles, the most intact late 18th century and early 19th century homes west of the Mississippi River. Many of our homeowners have lived in this community for 20 or more years.

How could you ever consider a name change for a large area of Los Angeles in the United States of America, for a small group of people from other countries? We live in a community with many nationalities and are trying to live together peacefully, instead of dividing the people. We adamantly oppose the renaming of our community!!!!

Councilmen and Councilwomen,

Re: Renaming of the Pico Union and McArthur Park area.

Our community vehemently opposes the renaming of McArthur Park and the Westlake Area, including Pico Union, to Central America Town or any other name. We have a history of which we are proud. We are the first suburb of Los Angeles, the most intact late 18th century and early 19th century homes west of the Mississippi River. Many of our homeowners have lived in this community for 20 or more years.

How could you ever consider a name change for a large area of Los Angeles in the United States of America, for a small group of people from other countries? We live in a community with many nationalities and are trying to live together peacefully, instead of dividing the people. We adamantly oppose the renaming of our community!!!!

Congresswoman Lucille Roybal-Allard
CA-34
255 E. Temple Street
Suite 1960
Los Angeles, CA 90012

Dear Congresswoman Lucille Roybal-Allard:

We the undersigned Friends of Pico-Union are respectfully requesting your support in our opposition to the proposed petition to rename the Pico-Union / Westlake / MacArthur Park communities to "the Central American Historic District" or "Historical Central America Town". As true representatives, who have years of service working and residing in these communities, we feel that the name change is singling out only few ethnicities not counting Mexicans, all the South Americans and the multi-ethnic population in the three communities. The name change would jeopardize the rich, cultural and ethnic diversity of its residents, and/or their contributions to the communities. The threads of the community's extensive melting pot are evident in the lines of native Pico Union Writer Luis Alfaro's theater performances; as well as, the lines outside Langer's Deli during lunchtime. Furthermore, it is widely believed that a name change will trigger a race war between the Central American MSM gang and 18th Street Mexican gangs that could potentially dwarf the African American and Latino tensions felt in South Los Angeles, bringing additional gang activity into a community that is already overwhelmed fighting against crime and violence. The name change would be of great detriment to the residents of these communities and negate all of the City of Los Angeles' positive efforts in policing the areas.

The Pico Union Neighborhood Council on 08/06/2007 has voted unanimously in favor of a motion not to accept the name change. This affirmative decision was confirmed by the 50 stakeholders present at the meeting, who spontaneously joined with the Board's vote, by raising their hands in unanimous support of the Board's vote. The City of Los Angeles' Community Redevelopment Agency and Pico-Union Community Advisory Groups (CAG) I and II also voted in favor to keep the names of Pico-Union, Westlake, and MacArthur Park.

The Friends of Pico-Union recognizes all of your efforts in serving our population and would appreciate your continued support in opposition of the name change petition. If you would like any additional information regarding the name change or community itself, please contact Michael King at (213) 763-0505.

Honorable Gloria Molina
County Supervisor
First District County of Los Angeles
856 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, CA 90012

Honorable Supervisor Gloria Molina:

We the undersigned Friends of Pico-Union are respectfully requesting your support in our opposition to the proposed petition to rename the Pico-Union / Westlake / MacArthur Park communities to “the Central American Historic District” or “Historical Central America Town”. As true representatives, who have years of service working and residing in these communities, we feel that the name change is singling out only few ethnicities not counting Mexicans, all the South Americans and the multi-ethnic population in the three communities. The name change would jeopardize the rich, cultural and ethnic diversity of its residents, and/or their contributions to the communities. The threads of the community’s extensive melting pot are evident in the lines of native Pico Union Writer Luis Alfaro’s theater performances; as well as, the lines outside Langer’s Deli during lunchtime. Furthermore, it is widely believed that a name change will trigger a race war between the Central American MSM gang and 18th Street Mexican gangs that could potentially dwarf the African American and Latino tensions felt in South Los Angeles, bringing additional gang activity into a community that is already overwhelmed fighting against crime and violence. The name change would be of great detriment to the residents of these communities and negate all of the City of Los Angeles’ positive efforts in policing the areas.

The Pico Union Neighborhood Council on 08/06/2007 has voted unanimously in favor of a motion not to accept the name change. This affirmative decision was confirmed by the 50 stakeholders present at the meeting, who spontaneously joined with the Board’s vote, by raising their hands in unanimous support of the Board’s vote. The City of Los Angeles’ Community Redevelopment Agency and Pico-Union Community Advisory Groups (CAG) I and II also voted in favor to keep the names of Pico-Union, Westlake, and MacArthur Park.

Councilmember Bernard C. Parks:

We the undersigned Friends of Pico-Union are respectfully requesting your support in our opposition to the proposed petition to rename the Pico-Union / Westlake / MacArthur Park communities to “the Central American Historic District” or “Historical Central America Town”. As true representatives, who have years of service working and residing in these communities, we feel that the name change is singling out only few ethnicities not counting Mexicans, all the South Americans and the multi-ethnic population in the three communities. The name change would jeopardize the rich, cultural and ethnic diversity of its residents, and/or their contributions to the communities. The threads of the community’s extensive melting pot are evident in the lines of native Pico Union Writer Luis Alfaro’s theater performances; as well as, the lines outside Langer’s Deli during lunchtime. Furthermore, it is widely believed that a name change will trigger a race war between the Central American MSM gang and 18th Street Mexican gangs that could potentially dwarf the African American and Latino tensions felt in South Los Angeles, bringing additional gang activity into a community that is already overwhelmed fighting against crime and violence. The name change would be of great detriment to the residents of these communities and negate all of the City of Los Angeles’ positive efforts in policing the areas.

The Pico Union Neighborhood Council on 08/06/2007 has voted unanimously in favor of a motion not to accept the name change. This affirmative decision was confirmed by the 50 stakeholders present at the meeting, who spontaneously joined with the Board’s vote, by raising their hands in unanimous support of the Board’s vote. The City of Los Angeles’ Community Redevelopment Agency and Pico-Union Community Advisory Groups (CAG) I and II also voted in favor to keep the names of Pico-Union, Westlake, and MacArthur Park.

The Friends of Pico-Union recognizes all of your efforts in serving our population and would appreciate your continued support in opposition of the name change petition. If you would like any additional information regarding the name change or community itself, please contact Michael King at (213) 763-0505.
