COUNCIL TRANSMITTAL: CALENDAR YEAR (CY) 2009 ANNUAL PROGRESS REPORT ON THE IMPLEMENTATION OF THE HOUSING ELEMENT (2006-2014)

SUMMARY

The General Manager respectfully requests that the City Council NOTE and FILE the attached Annual Progress Report on the Implementation of the City of Los Angeles' Housing Element, inasmuch as this report has been submitted for information only and no City Council action is necessary.

RECOMMENDATIONS

The General Manager, LAHD, respectfully recommends that the Mayor and City Council:

1. NOTE and FILE this report on the status of the Housing Element programs delineated in the Housing Element (2006-2014) for Calendar Year (CY) 2009 (January 1, 2009 – December 31, 2009).

BACKGROUND

The City of Los Angeles recently updated its Housing Element for the 2006-2014 planning period. *The 2006-2014 Housing Element of the General Plan* (the Element) is the City's blueprint for meeting its acute housing and growth challenges. The Element identifies the City's housing conditions and needs, as well as establishes the related goals, objectives and policies, which are the foundation of the City's housing and growth strategy. Moreover, the Housing Element describes the array of programs the City intends to implement to create sustainable, mixed-income neighborhoods across the City.

Many localities are required to report on the annual progress of the programs prescribed as approaches to mitigate the challenges discussed in their respective Housing Elements. The statute (CA Gov. Section 65400) dictates, in pertinent part, that the locality provide "...an annual report to the legislative body, the Office of Planning and Research, and the Department of Housing and Community Development..." As a charter city, however, the City of Los Angeles is not required to submit the annual progress report in order to be in compliance with Housing Element law. Nevertheless, key funding opportunities at the state level require the timely filing of these annual reports. Timely submission of the CY 2009 Annual Progress Report is a threshold requirement for localities to compete for the Housing-Related Parks Program funding. As such, the City of Los Angeles is submitting this annual report, to both track the regular progress of approved Housing Element programs, and as a condition for vying for competitive state funding.

The CY 2009 Annual Progress Report on the Implementation of the Housing Element is thus submitted in fulfillment of Section 65400 of the CA Government Code.

FISCAL IMPACT STATEMENT

There is no fiscal impact on the General Fund.
