Revised Draft Ordinance Establishing Regulations Regarding
Medical Marijuana Collectives

Honorable Members:

We have attached a further revised draft ordinance in response to your motions, discussion, and actions of Tuesday, November 24, 2009. This revision attempts to codify all of the adopted amendments as we understood them. It does not include the additional substantive reports due back to you from other city departments. We refer you to our previous transmittal letters for prior history and for the recommended CEQA finding. As before, we recommend your adoption of an ordinance regulating medical marijuana collectives consistent with state law at the earliest time. Please let us know where we have missed an item or where you would like additional clarifying language.

Sincerely,

ORDINANCE NO.

An ordinance adding Article 5.1 to Chapter IV of the Los Angeles Municipal Code and amending Section 91.107.3.2 of the Los Angeles Municipal Code to implement the Compassionate Use Act and the Medical Marijuana Program Act consistent with the provisions of the Acts, but without violating state or federal law.

WHEREAS, although the possession and sale of marijuana remain illegal under both state and federal law, California voters approved the Compassionate Use Act ("CUA") in 1996 to exempt seriously ill patients and their primary caregivers from criminal liability for possession and cultivation of marijuana for medical purposes; and

WHEREAS, the Medical Marijuana Program Act of 2003 ("MMPA") provides for the association of primary caregivers and qualified patients to cultivate marijuana for specified medical purposes and also authorizes local governing bodies to adopt and enforce laws consistent with its provisions; and

WHEREAS, the City of Los Angeles enacted an Interim Control Ordinance in 2007 for the temporary regulation of medical marijuana facilities through a registration program, which resulted in the unintended proliferation of storefront medical marijuana dispensaries to a number currently estimated to exceed 500 such locations, presenting a substantial risk of unlawful cultivation, sale, and the illegal diversion of marijuana for non-medical uses; and

WHEREAS, there have been recent reports from the Los Angeles Police Department and the media of an increase in and escalation of violent crime at the location of medical marijuana dispensaries in the City of Los Angeles, and the California Police Chiefs Association has compiled an extensive report detailing the negative secondary effects associated with medical marijuana dispensaries; and

WHEREAS, medical marijuana that has not been collectively or personally grown constitutes a unique health hazard to the public because, unlike all other ingestibles, marijuana is not regulated, inspected, or analyzed for contamination by state or federal government and may, as with samples recently tested by a U.S. Food and Drug Administration laboratory, contain harmful chemicals that could further endanger the health of persons who are already seriously ill and have impaired or reduced immunities; and

WHEREAS, the City of Los Angeles has a compelling interest in ensuring that marijuana is not distributed in an illicit manner, in protecting the public health, safety and welfare of its residents and businesses, in preserving the peace and quiet of the neighborhoods in which medical marijuana collectives operate, and in providing compassionate access to medical marijuana to its seriously ill residents.

NOW, THEREFORE,

**THE PEOPLE OF THE CITY OF LOS ANGELES
DO ORDAIN AS FOLLOWS:**

Section 1. A new Article 5.1 is added to Chapter IV of the Los Angeles Municipal Code to read:

ARTICLE 5.1

MEDICAL MARIJUANA COLLECTIVE

SEC. 45.19.6. PURPOSES AND INTENT.

It is the purpose and intent of this article to regulate the collective cultivation of medical marijuana in order to ensure the health, safety and welfare of the residents of the City of Los Angeles. The regulations in this article, in compliance with the Compassionate Use Act and the Medical Marijuana Program Act, California Health and Safety Code Sections 11362.5, *et seq.*, ("State Law") do not interfere with a patient's right to use medical marijuana as authorized under State Law, nor do they criminalize the possession or cultivation of medical marijuana by specifically defined classifications of persons, as authorized under State Law. Under State Law, only qualified patients, persons with identification cards, and primary caregivers may cultivate medical marijuana collectively. Medical marijuana collectives shall comply with all provisions of the Los Angeles Municipal Code ("Code"), State Law, and all other applicable local and state laws. Nothing in this article purports to permit activities that are otherwise illegal under ~~federal~~, state or local law.

The payment of a bonus shall not constitute “reasonable compensation.”

SEC. 45.19.6.2. REGISTRATION.

A. Registration Required. No collective shall operate until after it has filed a registration form in accordance with the provisions of this article, has paid any adopted registration fees, and its registration has been accepted as complete by the Department of Building and Safety.

B. Preinspection and Certificate of Occupancy Required. Prior to filing a registration form with the Department of Building and Safety, a collective shall provide plans of the collective location including details of any proposed alterations and a radius map signed by an architect or civil engineer licensed in the State of California to show compliance with the standards set forth in Section 45.19.6.3 A of this article and compliance with Chapters I and IX of the Code ~~for the new agricultural occupancy~~. A collective shall obtain a written preinspection report from the Department of Building and

Safety after the Department verifies the accuracy of the plans and radius map submitted and performs all required research (planning/zoning records). A preinspection fee pursuant to Section 91.107.3.2 of this Code, plus a research fee for a minimum of three hours of time pursuant to Section 98.0415 (f) of this Code, shall be paid to the Department of Building and Safety at the time of a request for preinspection. The Department of Building and Safety shall submit its written preinspection report to the collective stating any conditions that must be met or permits that must be obtained in order to accomplish the required building alterations and to change the occupancy of the building. If the preinspection report finds noncompliance of the location or of the proposed alterations with the standards set forth in Section 45.19.6.3 A of this article or Chapters I and IX of this Code, a subsequent preinspection may be required, for which an additional preinspection fee shall be paid.

C. Location Priority Status. Upon issuance of: (1) a written preinspection report by the Department of Building and Safety verifying that the proposed location complies with Sections 45.19.6.3 A. 1 through 4 of this article, and (2) all required building permits if the preinspection report specifies alterations, the collective shall obtain priority status for that location. This priority status shall become invalid if the building permits are revoked or expire. If at the end of any quarter one or more collectives have obtained priority status, no preinspection for another collective with a conflicting location shall be conducted or approved by the Department of Building and Safety except as set forth in this section. If only one collective has obtained priority status at its location during the quarter, the collective shall be so notified by the Department of Building and Safety and it shall have 90 days to complete its registration. If two or more collectives have obtained priority status at conflicting locations within the quarter, the City Administrative Officer shall issue and administer a Request for Qualifications to these collectives. The results of the Request for Qualifications shall determine the one collective that shall then have 90 days to complete its registration. If the registration of a collective is not accepted as complete by the Department of Building and Safety within the 90 day periods provided by this provision, the preinspection and registration process shall begin again for the location in question and the collective that failed to complete its registration shall not be permitted to participate.

D. Notice of Preinspection. Prior to accepting a request for preinspection, the Department of Building and Safety shall require proof that the collective has provided written notice to the Police Department, all property owners and occupants within and outside the City that are within 500 feet of the exterior boundaries of the location, and to the City Council member and the Certified Neighborhood Council representing the area in which the collective is located, of: the preinspection request, including a copy of the plans of the collective location filed pursuant to Section 45.19.6.2 B, except that the City's official copy of the building plans shall be withheld pursuant to California Health and Safety Code Section 19851; the location of the collective; the name, telephone number, and address of a person authorized to accept service of process for the collective; the name(s), telephone number(s), and address(es) of each member engaged in the management of the collective; and the onsite telephone number at the collective and the name of the member engaged in the management of the collective who is responsible for receiving, logging, and responding to complaints regarding the

collective. This notification shall be sent by certified mail, postage prepaid, and return receipt requested. Notices to property owners shall be sent to the last known name and address as shown on the records of the City Clerk or the records of the County Assessor; notices to occupants of all residential, commercial and industrial property can be mailed to "occupant".

E. Registration Form. Upon receipt of a Department of Building and Safety preinspection report and a Certificate of Occupancy verifying compliance with the standards set forth in Section 45.19.6.3 A of this article, and following compliance with the location priority status provisions set forth in Section 45.19.6.2 C of this article, the collective shall file a registration form with the Department of Building and Safety. The registration form shall require the following accurate and truthful information: the address and physical description (e.g., one-story commercial building, etc.) of the location at and upon which the collective is located; the name, telephone number, and address of a person authorized to accept service of process for the collective; the name(s), telephone number(s), and address(es) of each member engaged in the management of the collective; the onsite telephone number at the collective and the name of the member engaged in the management of the collective who is responsible for receiving, logging, and responding to complaints regarding the collective; and any other information reasonably required to show that the collective complies with this article. In addition, the registration form shall confirm the consent by the collective, without requirement for a search warrant, subpoena or court order, for the inspection and copying by the Police Department of the recordings and records required to be maintained under Sections 45.19.6.3, 45.19.6.4, and 45.19.6.5 of this article, except that private medical records shall be made available by the collective to the Police Department only pursuant to a properly executed search warrant, subpoena, or court order.

The collective shall file an updated registration form quarterly, but only if there were changes during the previous quarter to any of the information provided in the initial registration form or any change in status of compliance with the regulations set forth in Section 45.19.6.3. If a collective has been cited for a public nuisance, the updated registration form shall include the names of all of the members of the collective. A change of location cannot be accomplished by an updated registration form, but shall instead require a new preinspection and registration. Each and every member who is engaged in the management of the collective shall print his or her name and sign the initial registration form and any subsequent updated registration form, under penalty of perjury certifying that all information contained in the registration form is true and correct. It shall be the sole responsibility of the members engaged in the management of the collective to ensure that all forms and documents are submitted as required by this article and that the information provided is accurate, complete and timely submitted.

F. Additional Registration Documents. As attachments to the original and any subsequently updated registration form, the collective shall provide to the Department of Building and Safety: (1) proof that the property owner of the location, and landlord if applicable, was given written notice sent by certified mail, postage prepaid,

and return receipt requested that the collective intends to file the registration form and that the owner of the location, and landlord if applicable, has received a copy of the information contained in the registration form; (2) for each member engaged in the management of the collective, a fully legible copy of one government-issued form of identification, such as a social security card, a state driver's license or identification card, or a passport; and (3) the collective's Certificate of Occupancy for the cultivation use.

G. Completed Registration. The Department of Building and Safety, after verification that all required fees have been paid, shall mail proof of a completed registration and any subsequent updated registration to the person authorized to accept service of process on behalf of the collective, to the owner of the location, and to the local City Council and Neighborhood Council offices.

H. Term of Registration/Renewal. Each registration shall expire three years from the date the Department of Building and Safety mails proof of the completed registration to the person authorized to accept service of process on behalf of the collective. A collective that has operated at all times in strict compliance with this article may seek to renew its registration 90 days prior to the registration's expiration date. The process for renewal of the registration shall be the same as the process for the original registration as set forth in this section. Upon registration expiration, the collective shall suspend all operations until it has successfully processed a new registration.

I. Registration Null and Void. A registration accepted as complete under this article shall become null and void upon the cessation of marijuana cultivation at the location for 90 days or longer, upon the relocation of the collective to a different location, upon a violation by the collective or any of its members of a provision of this article, three (3) years after the issuance of the registration as set forth in Section 45.19.6.2 H, or upon the expiration or sunset of this article.

SEC. 45.19.6.3. REGULATIONS.

The location at or upon which a collective cultivates and provides medical marijuana to its members must meet the following requirements:

A. Preinspection Requirements.

Permits for a change of use, any alterations to the building, and a Certificate of Occupancy shall be obtained from the Department of Building and Safety;

2. No collective shall be located on a lot abutting, across the street or alley from, or having common corner with a lot improved with an exclusively residential building or with a mixed use building containing residential units. This

4. The maximum number of collectives in the City shall be capped at 70, which represents one collective for every 57,000 City residents. In addition, these collectives shall be distributed and capped geographically among the 21 Police Department divisions within the City. Each Police Department division may have a maximum of one collective for every 57,000 residents living within its boundaries. The total population of the City and whether the citywide and Police Department division caps meet the needs of qualified patients, persons with identification cards, and their primary caregivers shall be reviewed and the caps may be revised every three (3) years. No upward adjustment in the citywide and Police Department division caps shall occur without the identification of Police Department resources for monitoring and enforcement.

controlled egress doors shall comply with Section 1008.1.3.4 of the California Building Code;

9. A sign shall be posted in a conspicuous location inside the structure at the location advising: "This collective is registered in accordance with the laws of the City of Los Angeles. The sale of marijuana and the diversion of marijuana for non-medical purposes are violations of State law. The use of marijuana may impair a person's ability to drive a motor vehicle or operate heavy machinery. Loitering at the location of a medical marijuana collective for an illegal purpose is prohibited by California Penal Code Section 647(h)."; and

10. A sign shall be posted at the entrance to the location containing the name and functioning telephone number of a 24-hour on-call member engaged in the management of the collective who shall receive, log, and respond to complaints and other inquiries on behalf of the collective.

B. Conditions of Operation.

1. The location shall be monitored at all times by web-based closed-circuit television for security purposes. 5. No collective shall be open or provide medical marijuana to its members between the hours of 8:00 p.m. and 10:00 a.m. This prohibition shall not apply to a qualified patient's use of marijuana for his or her own medical needs if the qualified patient's permanent legal residence is the location;

6. No sale of marijuana or of products containing marijuana shall be allowed, nor shall the manufacture of marijuana products for sale be permitted.

Cash and in-kind contributions, reimbursements, and reasonable compensation provided by members towards the collective's actual expenses of the growth, cultivation, and provision of medical marijuana shall be allowed provided that they are in strict compliance with State Law. All such cash and in-kind amounts and items shall be fully documented in accordance with Section 45.19.6.4;

11. No collective shall cause or permit the sale, dispensing, or consumption of alcoholic beverages at the location or in the parking area of the location;

12. No dried medical marijuana shall be stored in buildings that are not completely enclosed, or stored in an unlocked vault or safe, or other unsecured storage structure; nor shall any dried medical marijuana be stored in a safe or vault that is not bolted to the floor or structure of the facility;

13. Medical marijuana may not be inhaled, smoked, eaten, ingested, or otherwise consumed at the location, in the parking areas of the location, or in those areas restricted under the provisions of California Health and Safety Code Section 11362.79. This prohibition shall not apply to a qualified patient's use of marijuana for his or her own medical needs if the qualified patient's permanent legal residence is the location, nor shall this prohibition limit the exceptions provided in local and state law that permit smoking in designated areas within licensed residential medical and eldercare facilities;

14. Only members of the collective may be engaged in the management of the collective. A person who has been convicted within the previous 10 years of a felony or a crime of moral turpitude, or who is currently on parole or probation for the sale or distribution of a controlled substance, as determined by the Police Department, shall not be engaged directly or indirectly in the management of the collective and, further, shall not manage or handle the receipts and expenses of the collective. Verification shall be processed and received by the Police Department in accordance with the State of California Office of the Attorney General guidelines. No person may be engaged in the management of more than one collective located within the City;

15. No qualified patient, person with an identification card, or primary caregiver may be a member of more than one collective located within the City, except that in the event of a medical emergency, a qualified patient, person with an identification card, or primary caregiver may obtain medical marijuana sufficient to meet that medical emergency from another collective located within the City. In addition to all other required documentation, for a medical emergency, the qualified patient, person with an identification card, or primary caregiver shall provide written proof of the medical emergency and, as applicable, his or her attending physician recommendation, identification card, and, in the case of a primary caregiver, the patient designation to both the member's collective and to the collective that is distributing the emergency medical marijuana. This written documentation shall be maintained in the records of both collectives;

16. Collectives shall not store more than \$200.00 in cash overnight at the location and shall make twice daily bank drops that include all cash collected on that day;

17. Collectives shall provide a state-licensed and uniformed security guard patrol for a two-block radius surrounding the location during all hours of operation. Security guards shall not possess firearms or tasers; and

18. Collectives shall operate and maintain an onsite 24-hour telephone number at the collective for receiving complaints and other inquiries regarding the collective. A member engaged in the management of the collective shall be responsible for receiving, logging, and responding to these complaints and other inquiries. The log shall be maintained in the records of the collective.

A medical marijuana collective shall maintain records at the location accurately and truthfully documenting: (1) the full name, address, and telephone number(s) of the owner, landlord and/or lessee of the location; (2) the full name, address, and telephone number(s) of all members who are engaged in the management of the collective and the exact nature of each member's participation in the management of the collective; (3) the full name, address, and telephone number(s) of all patient members to whom the

The audit shall include but not be limited to a discussion, analysis, and verification of each of the records required to be maintained pursuant to Section 45.19.6.4 of this article.

B. Testing of Medical Marijuana. In order to ensure that any marijuana provided to members by a collective is free of pesticides or other contaminants, the collective shall use an independent and certified laboratory to test for pesticides and other contaminants before providing the marijuana to its members. Marijuana from which a sample tested positive for a pesticide or other contaminant shall not be provided to members and shall be destroyed forthwith.

C. Testing Log. The collective shall maintain a written log at the location documenting the date, type, and amount of marijuana tested; the name of the laboratory where the marijuana was tested; the laboratory report containing the results of the testing, including the name and level of the substance detected; and the disposition of the marijuana from which the contaminated sample was obtained, including the amount of marijuana and the date and manner of disposition.
