Comments to HCED Agenda No. 14-CFI08-1678-S2 Hope Street Family Center by California Hospital Medical Center

NO float loan should be issued without going through the proper procedure. You need to publish your findings for public comment and hold a public hearing. The Citizens Unit for Participation needs to be advised, but the Mayor disbanded them.

A qualified activity is needed, and it usually involves jobs to the low-to-moderate census tract community surrounding the project. These funds are not to be used in lieu of fundraising, so we see no need to advance such funds. Catholic Healthcare West knows how the system works, and there are no excuses for this type of "rush" motion.

You are ignoring your commitments to the taxpayers of the country through the Department of Housing and Urban Development.

Deny this motion.
