Re: Council File 08-2020 Citywide Sign Ordinance Revisions

Greetings Ms. Gin:

Pleasedistribute my comments to the members for the Jan. 22 meeting, thank you.

Dear Committee Members:

I am writing to urge passage of the Citywide Sign Ordinance Revisions as presented to the PLUM committee on Dec. 4, 2012. We need this ordinance in place to protect our communities from the negative effects of sign blight, and to discourage the blatant disregard of sign laws that blanketed the city with illegal signs in the past. In particular, we urge you to resist any attempt to include provisions in this ordinance regarding the re-permitting of digital billboards ruled illegal by the court.

Sincerely,

Jack Bornoff
Studio City, 91604

Valerie Brucker
vbrucker@earthlink.net

As someone who is affected quite negatively by not one, not two but three digital signs-all shining in my bedroom window, I urge that this ordinance be passed immediately. Neighborhoods are losing their ability to comfortably house their owners/renters. Why is it that the most expensive neighborhoods have managed to keep these signs out of their districts? But not mine. I have been writing these requests for some time now as I feel the intrusion in residential neighborhoods is a sign of a city really not caring about its residents. I would appreciate your reading these comments into the meeting

Please, please pass this bill now.

Thank you, V. Brucker

Etta Armstrong <etta.armstrong@lacity.org>

Re: Council File 08-2020 Citywide Sign Ordinance Revisions

Dear Committee Members,

I am writing as a concerned citizen and past board member of the Eagle Rock Neighborhood Council with a request that you pass the Citywide Sign Ordinance revisions that were presented to the PLUM committee on Dec. 4, 2012. Sign blight is the top quality of life issue in Los Angeles, and I fear that if we don't take steps to get control of it now, we're resigning our city to a future of billboard blight that we'll never be able to rescind.

I feel particularly strongly that your committee should stand firm on NOT re-permit those dreadful electronic billboards that were ruled illegal by the court.

Sincerely,

Vince Waldron

To: sharon.gin@lacity.org

Dear Sharon

Please pass this message along to the PLUM committee members in advance of the Jan. 22 meeting.

Dear Committee Members

Once again, I take pen in hand to urge you to pass the Citywide Sign Ordinance Revisions as they were presented on Dec. 4, 2012. We need to limit the number of digital billboards and even get rid of the illegal ones. Yes, get rid of them! We also need to start a new trend of actual legality in the billboard permitting process. I also firmly hope that you will not re-permit the digital billboards that the court already ruled illegal. Thank you for your attention.

Re: Council File 08-2020 Citywide Sign Ordinance Revisions

Dear Committee Members:

The Endangered Habitats League (EHL) urges passage of the Citywide Sign Ordinance Revisions as presented to the PLUM committee on Dec. 4, 2012. For your reference, EHL is Southern California's only regional conservation group and is dedicated to improving the quality of urban life as part of comprehensive land use planning.

This ordinance is urgently needed to protect communities from the toxic effects of sign blight on the urban fabric and from its debilitating impact on people's mental health. It is also needed to stop the blatant disregard of sign laws that blanketed the city with illegal signs in the past.

In particular, we urge you to resist *any* attempt to include provisions in this ordinance regarding the re-permitting of digital billboards ruled illegal by the court. Such action would be a travesty and demonstrate control of city government by billboard interests.

Thank you for considering our views.

Sincerely,

Dan Silver, MD
