RE: CF 990296 Valet Ordinance- Support

Honorable Councilmembers,

I support this ordinance because we have battled for over ten years with the crowded street situation and dangerous valet behavior at what was the Celandon and prior to that, the Tabou Restaurants where we have seen valet parkers do U turns in the street near the intersection of Fairfax and Third and park cars on the side streets illegally.

This service needs to be regulated to insure proper insurance coverage from vendors and due diligence on the valets themselves to make sure they are properly licensed and trained to protect the public. There are many pedestrians who come out of the neighborhoods behind the South side of Third street that have to dodge valet parking personnel and take their lives in their hands when they try to walk down Third Avenue or cross at various crosswalks near the restaurants.

This measure is long overdue.

Sincerely,

Daniel M Curtin
President and Resident
