Comments for Public Posting: Dear Council, My name is Elliot Kronsberg. I am Councilman Koretz's constituent in Westwood. I am writing to you as part of the Healthy LA coalition because I'm worried that this health crisis will also become a long-term eviction and economic crisis, leaving our most vulnerable community members jobless, with lots of debt, and at risk of becoming homeless. Therefore, I urge the City Council to make sure mortgage relief is tied to relief for renters so that tenants don't accumulate rent debt. As part of the responsible banking ordinance, we must ensure that mortgage relief is tied to relief for renters. Otherwise, tenants could continue to accumulate rent debt and face possible eviction later on. If landlords are getting relief on paying their mortgages, it would only make sense that their renters also have their tenants receive rental relief as well. Thank You, Elliot Kronsberg

Comments for Public Posting: The "Responsible Banking" program needs to do more to support renters and should be actively working with banks that offer relief. This is a public emergency where we need to prevent as many people as from being on the streets. There needs to be an effort to motivate action on No Vacancies as well, and provide public housing to those who do not have the privilege to shelter in place. Protect all people. Support all people.
