Fiscal Impact Statement: The CAO reports that the 2009-10 Budget deficit is now estimated at $222.4 million, which reflects $36.8 million in savings identified since the approval of the Mid-Year FSR, increased property tax revenue of $26 million, and the loss of the $73.5 million power revenue transfer from the Department of Water and Power. With the approval of the recommended transfer of $80 million from the Reserve Fund to the General Fund, the Reserve Fund balance is estimated at $126.7 million (consisting of $120.9 million in the Emergency Reserve Account and $5.7 million in the Contingency Reserve Account). The Reserve Fund balance at the year-end is estimated to be $39.3 million, assuming the receipt of anticipated receipts and judgment obligation bond proceeds and the subsequent transfer of funds from the Reserve to the General Fund to cover the remaining $142.4 million deficit.

Transfers, appropriations and other adjustments totaling approximately $168.0 million are recommended in Sections 2 and 3 of the CAO’s Fourth FSR, which includes a $22 million proposed transfer from the Unappropriated Balance, Reserve for Economic Uncertainties to the Police Department sworn salary account.

SUMMARY

At its meeting of April 12, 2010, the Budget and Finance Committee considered the CAO's Fourth Financial Status Report (FSR) for FY 2009-10. The report provides an update on the current-year budget deficit, revenue shortfall and Reserve Fund status as reported in the Mid-Year FSR. The report additionally highlights current issues of concern and the potential impact to the City as well as providing an update on department revenues and expenditures. During the Committee discussion, the CAO submitted revised recommendations, including revised CAO Attachments 1 and 5 (attached to the Committee report). Additional recommendations made by the Committee are reflected above.

The Committee combined its discussion of the Fourth FSR with the Controller's report relative to an update on cash flow issues, and the proposed transfer of $90 million from the Reserve Fund as recommended in Motion (Hahn-Koretz) under Council file 09-0600-S158. The FSR recommends an $80 million Reserve Fund transfer to ensure the City is able to meet its commitments through May 2010. While in agreement with the $80 million transfer, the Controller anticipates the need for
additional year-end borrowing from the Reserve Fund to balance the budget and close the General Ledger at the end of the fiscal year.

The CAO reports that substantial improvement in the current-year deficit has been realized through a combination of savings measures and increased revenue. A General Fund budget deficit of $211.7 million was reported as of February 2010; however, not included in the $211.7 million deficit were savings from various recommendations contained in the Mid-Year FSR and Three-Year Plan to Fiscal Sustainability which have been approved but not yet fully implemented. These include savings from the elimination of 790 positions out of the proposed 1,000, the modification to the Solid Waste Resources Lifeline Program, the elimination of the Environmental Affairs and the Human Services Departments, the reduction of contract costs, and the planned transfer of $12 million from Council funds to the Reserve for Economic Uncertainties. In addition, $16.1 million in deficit reduction efforts by Departments further decrease the deficit. During the Committee discussion, at the request of the Committee Chair, the CAO clarified that $26.5 million in additional revenue that has been reported as being “found”, is in fact an increase in the projections for property tax revenue above what had been projected in the Mid-Year FSR.

The Budget and Finance Committee recommended approval of the revised CAO recommendations as further amended in Committee. Additional recommendations of the Committee and requests for various reports back are reflected in the Committee report. This matter is now forwarded to the Council for its consideration.

Respectfully submitted,

BUDGET AND FINANCE COMMITTEE
