

**MOTION**

I HEREBY MOVE that Council ADOPT the following recommendations relative to the expansion of current posted street sweeping routes (Item No. 5, Council file No. 09-1305):

1. INSTRUCT the Bureau of Street Services to work with the City Administrative Officer in preparing the report to analyze moving the City from weekly posted routes to bi-weekly posted routes and the number of additional miles that could then be swept.
2. INSTRUCT the Bureau of Street Services and the City Administrative Officer to include in their report:
  - a. The schedule and frequency of posted sweeping routes in other California cities.
  - b. The following factors when determining street sweeping policy:
    - i. The number of people on the sidewalk in transit dependent areas.
    - ii. The impact of high volume traffic, both cars and pedestrians, on trash build-up.
3. INSTRUCT the Department of Transportation and the City Administrative Officer to report back regarding how the City can best convey fair notice of parking restrictions on signage.
