**Re: Motion for Fire Suppression Equipment for Brush Clearance Council
File: 09-1977-S2**

Laurel Canyon and the other hillside communities around us are unique in that we live in an urban forest, prone to brush fires. Living in Laurel Canyon, we know that the possibility for a devastating fire exists right outside our front door.

The Laurel Canyon Association therefore supports the Motion for Fire Suppression Equipment for Brush Clearance, and thanks you for your attention to the hazards of the City's Very High Fire Severity Zones.

Sincerely,

Jamie T. Hall
Laurel Canyon Association
President
