

My name is Donald Keller, I am a vice president of the BHA, living on Kenter Avenue, for 58 years.

"Not only are these food truck, lunch truck, operators, **SCOFFLAWS**, but they are most intent on their lack of attention to the signage.

That purposeful intent to ignore the signage makes them **guilty of intent to violate the law** as passed by the City of Los Angeles, City Council!"

"This is the reason that we ask the City to examine the existing law and make **this intent to violate the law** more serious, with much more additional penalties, fines, etc."

BHA SUPPORTS THE MOTION BY HONORABLE COUNCILMAN, MIKE BONIN.
