3. Official/Public Comment (Non-Agenda Items) (2 Min. Max.)

Lauren Ballard, Field Deputy for City Councilmember Jose Huizar, City Council District 14
Constituents have submitted letter requesting tree trimming. The Urban Forestry Dept. budget has been cut drastically. Some 1,400 trees in CD14 have been approved for tree trimming but UFD is not contracting them quickly enough. We hope for action within 30 days – within 2 weeks from now. We'll have an update at the next meeting.

Lauren Ballard mentioned there are two crews to clean up bulky items. If there’s an area that’s very dirty or overrun with weeds, Please let them know so they can target the area.

She also mentioned trash receptacles, 2 Fwy Off Ramp trash, locations and timeline of Caltrans Clean-up.

- (Chair, Ruby De Vera arrives and is seated. Bradley returns facilitating meeting to Chair. Chair is briefed on agenda items approved and status of agenda items. Ruby De Vera regains meeting and apologizes to board members and stakeholder. Meeting commences)

**Patricia Alarcón, East Area Representative, External Affairs, Office of Los Angeles Mayor Eric Garcetti**

She stated she will make 3 announcements and will make a presentation to the outgoing board members:

Regarding Mayor’s Office events, the topic is earthquakes. Your neighborhood council has been chosen for a briefing by Dr. Lucy Jones of Caltech regarding an earthquake studies. Please provide a future town hall or meeting date for Dr. Jones to make a presentation. This is a work in progress. Generally it should be a date in May 2014.

Patricia Alarcón stated that the Department of Government Affairs has several events coming up in May and June, 2014 including jobs fairs and health care fairs for veterans. She will provide lists of vendors for GPNC in the coming weeks.

Art Camarillo mentioned that there will be a Veterans Administration representative at the Goodwill Center beginning in May 2014. He suggests that she get in touch with them.

Regarding the flag project, she said she is seeking private sponsors to donate, to make that happen quicker. Stakeholder commented that in CD1 Council Member Gil Cedillo’s office is working on the flag issue. Patricia Alarcón suggested collaborating together to avoid duplication. Stakeholder asked if the companies are hiring veterans or distributing information.

Patricia Alarcón stated she identified over 60 companies, to be ready to interview for employment opportunities.

Ruby De Vera thanked Patricia Alarcón for helping with the Veterans Parade. Alarcon came through with an unexpected grant in the amount of $2,500.00 from USC. Patricia Alarcón mentioned next year to request up to $3,000.00.

*(Ceremonial: Patricia Alarcón and Lauren Ballard are taking the opportunity to distribute “Certificates of Recognition/Acknowledgements to incumbent board members to thank them for their commitment to their neighborhood and to the City of Los Angeles. Followed up by a group photo)*

**Erika Caswell, Local Librarian, Cypress Park Branch Library:**

Erika Caswell stated she is looking forward to upcoming meetings. She mentioned that Mayor Garcetti wants to expand service hours on Tuesdays and Thursdays in the evenings and would like to open earlier on other days as well to accommodate the public and patrons. They are still hosting ACA / Covered California, ESL Weekly Teen programs and Story Times for the young and families. They are still receiving books from the Mexican Consulate. There are big literary events 3-4 times per year which feature many local authors and is looking to create a book festival in the fall, probably October. There is a Friends Group that meets every other month.

**Paul Bonsell, Lummis Day Committee Representative:**

Paul Bonsell announced a fundraiser on May 3 at the Highland Park American Legion Hall to support the upcoming June 1, 2014 Lummis Day Festival. Tickets are $35 in advance. Also, regarding the Pacific Opera project, we will have a dinner on June 1, 2014 to raise funds from them as well. Stakeholders may also donate funds via PayPal.
Jonathan Smith, Candidate for Congress:  
Mr. Smith stated that he is visiting all neighborhood councils. As an Independent Write-In Candidate for Congress #39, there are three areas of advocacy. Veterans rights, Education, and Congressional Reform. I am truly independent. Partisan politics is killing our government. It’s a mountain climb but I feel like it’s time. I’m excited. I hope to get your support.

Elizabeth Agazaryan and Joe Felix, property owners along Verdugo Road (4137) highlighted sidewalk issues, public safety hazards, and tree roots which is causing nuisance with sidewalks, passageways, and sewer issues. Council Rep. heard their concerns at this meeting and is currently meeting with them in the conference room.

Lorenzo Tovar, introduced himself and informed public he is running to be a candidate for Area 1. He has been in the neighborhood for 3 years.

Francisco “SCO” Contreras introduced himself and informed public he is running to be a candidate for Area 5. He has just recently moved to the neighborhood.

A. Lisette Covarrubias, DONE Regional Project Mgr. (213) 978-1551 Update on GPNC 2013 – 2014 Fiscal Year Funding Issues and Election’s Status and Input. Jay Handal, DONE IEA for Regional 8 Elections may be available to provide an update on GPNC 2014 Election matters, Outreach, Official Candidates, and/or efforts to engage stakeholders.

Jay Handal, DONE Independent Election Administrator:

Lissette Covarrubias is not available at this time for this meeting. She is out doing a training at another neighborhood council. The Dept. is taking a proactive approach.

Regarding the need for more copies of agendas and reference material, Jay Handal suggest providing a binder with all info. contained within for the public. “Reference binder as Today’s Agenda – Do Not Remove” This procedures meets the Brown Act requirement

He reminded the board that all Demand Warrants are due May 15, 2014 and checking accounts will be implemented in June/July 2014 replacing demand warrants.

Jay Handal announced to the board that there priority should be on the Regional 8 Elections.

The Budget Advocate has issued a White Paper on the Mayor’s Budget in which NC’s were not included in the development of the 2014-2015 FY Budget process. Reminded the GPNC to discuss this issue with your local councilmembers or Budget Alliance Rep.

Regarding the upcoming Glassell Park Neighborhood Council elections, Handal said your new brochure is great. We have supplied you with preprinted voter registration forms. We want to see big numbers. The Silver Lake Neighborhood Council election had over 1,300 voters this year, up 44.9%. We’re expecting to see big numbers from you. Continue to do outreach. Thank you for those of you who have served. Those who run and don’t win should join committees.

The elections have all been run very well and have been very successful around town. You will need 7-8 volunteers at all times. We will bring poll managers and all paraphernalia. To avoid confusion: you don’t have vote by mail. You are a self-affirmation election. That means that no documents are required except a picture identification (ID) that says you’re of age and that you are you (name). If the name on the documents is not name of voter, that is not acceptable.
If the ID is in Glassell Park, that’s fine. Those who want to come in on community interest, just have to state what that interest is. They just have to say it, not prove it.

We will be here 2 hours before the election to set up. We could be here up to 3 hours afterwards to count and post. You will have the result that night.

Bradley asked him to repeat the statement about self-affirmation. Go to the Glassell Park website. Self-affirmation means just that. Tell where you live or volunteer. No documentation is needed except an ID. If you are here in the country without documentation, you can vote.

The registration document asks for the voter’s name, address, email address (these will become the neighborhood council database) and stakeholder status. Handal is explaining all of this document.

Factual basis stakeholders (people with a Starbucks receipt, this no longer counts. The voter must have an ongoing interest in Glassell Park) (i.e. a community interest, an ongoing long term relationship with neighborhood.)

Jay Handal encourages the neighborhood council to give the registration documents to people. This empowers them. DONE will keep track of how many of these are received.

Jesse Medina, Stakeholder inquired on the verification process if someone claims to be from an organization. Handal said they have to verbally say it but no documentation required. Membership cards from medical marijuana shops are fine.

Ruby DeVera commented about the Mayor’s inattention to the budget. Maybe the Mayor wants to wait to see the results of the election, she asked. Handal said this is first Mayor who’s not paid attention to stakeholder views on the budget since his election.

Bradley thanked Jay Handal for being the Independent Election Administrator (IEA). Jay Handal mentioned he requested this Region to administrate given the needed attention and motivation to be more inclusive to ensure the best elections possible.

He mentioned that there are a few NC’s in the region concerned about the amount of interest in the elections and CD14 Councilmember Jose Huizar is impressed. Please make sure you pack the polls with food and people coming out to vote. Congratulations and see you on Saturday April 26, 2014.

Follow-up to 03/18/2014 GCS Mtg. Presentation. Aztec’s Rising is a program of Public Health Foundation Enterprises, Inc. (PHFE). PHFE is a registered 501(c)(3) non-profit organization.)
Art Camarillo objects to a Letter of Support due to the fact that we have never been given a report on how many youth have been given jobs or have received tutoring. He said that he is hearing that nothing is happening in large numbers. I’m writing a letter to the Mayor to do an audit of the group in the northeast. These comments are all for GRYD, not Aztecs rising.

Bradley said this is specifically a “LOS” to Aztec Rising, not GRYD/Children’s Hospital Los Angeles. Camarillo said he wants a friendly amendment to ask other results for GRYD. The contract is coming up. They should not renew this. I don’t think they should get a contract for the whole thing (GRYD).

Andre Sahakian asked can you explain what GRYD (Gang Reduction and Youth Development) is and Aztecs Rising. He is not clear on the GRYD or Aztec’s Rising role in the Community. Linda Sanchez, an Aztecs Rising Case Worker and Stakeholder in Fletcher Square spoke on the problems in the area over decades and their efforts to remediate gang violence in the area. She currently works with 16 young adults being trained for jobs, learning skills, and becoming tradesmen with one recently accepted into Job Corps. Aztecs Rising was a huge component for changing the neighborhood, for crime reduction. We couldn’t have done it without Aztecs Rising.

Art Camarillo asked about statistics and accountability. Linda Sanchez stated that the information is public record and that the Mayor’s Office audits regularly with stats provided online.

Jessie Medina, Stakeholder stated that the GRYD program took all the gang intervention initiatives, 30 or so, and combined them into one manageable/accountable program regularly monitored.

Bradley introduces a motion to submit a “Letter of Support (LOS)” to Mayor Eric Garcetti’s Office GRYD Program Director in Support of Aztecs Rising’s Gang Reduction and Youth Development Intervention Programs. Channa Grace seconds the motion.

m. Motion/Resolution to submit a “Council District One-50/50 Big Belly Program” Application for Trash Receptacle Systems as part of CD01 “Keep It Clean” Campaign.

(Each trash can is equipped with a chip that delivers real-time data to the DPW Bureau of Sanitation, showing when the units are full and need to be picked up. One Big Belly comes with an opportunity to promote the GPNC on side panels. In the spirit of the 50/50 program the sponsoring organization will have access to [2] panels on a single unit and [3] panels on a double unit.)

Jose Rodriguez, Field Deputy for Council Member Gil Cedillo:

Jose Rodriguez gave a quick briefing about the 50-50 program and costs at about $2,000. The receptacles are solar-powered and inform the BOS when they need to be serviced. All NC’s are invited to share costs. Currently, they are in discussion with the City Attorney’s Office regarding business advertising, cost sharing, and the commercial aspect.

Ruby De Vera asked about business owners sharing costs and Channa Grace about GPNC shortage of funds.
Jess Medina, Stakeholder asked why not just put out 2-3 trash cans and if the trash cans are filled sooner, why not use additional cans? Jose Rodriguez said we don’t have any new trash cans to add. Jesse Medina said this looks like a new program that will cost additional money and footed by the tax payer again. Jesse Medina said this is a basic city service. It should be provided by taxes. He said that he is worried that this will be an ongoing expense. Bradley said this motion is just for support, not money. Camarillo asked about advertising and fees.

Stakeholders asked where current locations exist for these types of receptacles and about vandalism, graffiti, and tagging. Jose Rodriguez stated receptacle can be found on Alvarado Street (McArthur Park Area) and have a one-year warranty. Thereafter, it’s $246 per year for the warranty – pricing exclusive for the neighborhood councils.

Crystal-Lynn Orozco asked about costs and the need for trash receptacles in Area 3. Jose Rodriguez stated the costs would range between $2,000 to $4,000 with shared costs coming from NC’s.

Art Camarillo asked if funds were available. Ruby De Vera stated that the agenda item is a request for support of the program – not funding of the program.

Art Camarillo introduces a motion to submit a “Council District One-50/50 Big Belly Program” Application for Trash Receptacle Systems as part of CD01 “Keep It Clean” Campaign. Michael Divic seconds the motion.

0. Status/Update on Request (LOR) to Council District One, Gil Cedillo’s Office to provide an official Council Rep. at the GPC/SC at least 4 days a week.

Bradley introduces a motion to approve the flyer, outreach materials, and date for candidate’s forum. Pavlo Vlanco seconded the motion.

3. Motion/Resolution to Approve Deposit Fee up to $300 for St. Bernard’s School “3rd Annual Field Day”, (Danielle Forillo)

*The St. Bernard’s School Scholastic Field Day/Elementary Field Day Event is to engage the students, family members and staff with the importance of exercise, social engagement and responsibility to engage with Nature and their natural surroundings while rewarding the students for their academic and social achievements in recycling, neighborhood responsibility, and social gatherings year-round. (Encumbered 2014-2015 FY Budget)*

Bradley reminded the board that last year we approved fund for the “2nd Annual Field Day” up to $800.00. Funding is greatly needed for this scholastic event and given that the school has very little open, green space. The Park is an ideal location and the students love the outdoor activates and events planned for the day. The expense would be a permit for Park Facility Use from the Dept. of Recreation and Parks Division. That fee is about $275. That’s why it says up to $300. They will use our logo to outreach/advertise.

Maggie Lopez-Robles asked, if approved, how is the money to be encumbered. Bradley replied that it would come out of the 2014 – 2015 FY Funding from the next seated board.

Channa Grace reminded the board that give past approvals and encumbrances present and yet to come, As mentioned, the GPNC literally has no funding available. She stated that emphatically that all funding has been budgeted and encumbered. Funding request are still pending, charges are still pending. NPG’s are still being processed, and reimbursables for board members, Election Funds, refreshments, etc. need to be taken care of in the order in which they were approved. We approved some items last month that are well beyond the funding capacity of this 2013 – 2014 board term. She does not believe it is responsible to burden the new board with previous board funding.

Bradley said no group or organization should have to wait until the new board comes in after the event is over. This board must continue to do its work. The request is for approvals only. I understand that we have no funds. It’s going to take up to 90 days before the funds can be release but inter-departmental funding can be allocated. It must remain important for this board to continue supporting groups, CBO’s and educational facilities since these groups and organizations have always supported our efforts in the Community of Glassell Park.

Bradley said funds (last year) were encumbered but not spent until the event actually occurred. Last year we felt it was very important to support the families and kids. They’re not asking for $800, but $300. If that’s something that we can support, we should consider doing so.
Crystal-Lynn Orozco concurs with Channa Grace due to previous organization funding commitments, new board roles and responsibilities, and lack of funding in 203 – 2014 FY Funding budget. She request the board table any further funding requests.

Lázaro Agüero inquired on effects of approving funds and accountability. Ruby DeVerla reminded board member funds would come out of new board 2014 – 2015 FY Funding. Channa Grace reminded board members on previous NPG submittals not encumbered but approved by this board adding up to $5,000’s already but is it fair to the newly elected board and board members.

Ruby DeVerla reminded the board to take action on the matter and Art Camarillo and Crystal-Lynn Orozco concurred with Channa Grace on ramifications to the next board. Both mentioned the fairness and consideration to the next elected board.

Bradley stated that the next GCS Mtg. in May 2014 will involve the installation of new board members, election of officers, and training/orientation with June 2014 assignment of duties. The Rec. & Park Facilities Permit has to be paid in advance of the event and funds encumbered in order to secure the park. Bradley mentioned that the other board members are making fiscally sound assessments for board consideration and a concern of timing, given the next board may not fund or are available to fund.

Art Camarillo, Michael Divic, Ruby DeVerla and others stated that other solutions must be sought but not by this outgoing board. Furthermore, solutions internally with the Church, Rectory, Parishioners, and School will be considered.

Michael Divic introduces a motion to table items 3, 4 and 5. Crystal-Lynn Orozco seconded the motion.

6. Report and Recommendations from Treasurer, (Channa Grace) (No Action Taken)
   b. Update on 2013 – 2014 FY Funding Balances, Pending and/or Remaining Funds Available.
   c. Status of a “Letter of Inquiry (LOI)” regarding the 2012 – 2013 FY Reinstatement of Funds in the amount of $7,231 eCALS Funding for Drumline regarding NPG Application & Demand Warrants submitted before deadline

Channa Grace spoke about submittals tomorrow morning at DONE. She mentioned that she submitted a recap and previous DONE updates in the amounts of $18,000. However, it is more like $10,000 remaining without deductions for office operations, and elections expenses still pending. We are now looking for food and refreshment donations for elections due to the irregularities presented by the Ricoh Copier billing and the Dept’s lack of transparency regarding billing and encumbrances. If there remain any excess funds, they will be placed in a misc. category 600, in an effort to fund unpaid NPG’s, grants and funding requests.

Channa Grace noted that our job is to support the community but yet we have been hampered financially in our ability to support the very worthy projects that we’ve supported in the past. We’ve written a Letters requesting assistance to the City Attorney and to the City Controller’s Office about this error. And due to this inexcusable over-sight by the Dept., I have had to remain a strict financial disciplinarian and keep a tight grip on our budget and funding practices.

Ruby DeVera still remains optimistic on funding available and reminds the treasurer that the Verdugo Village Block Party funds have been encumbered in the approved 2013 – 2014 FY Budget.

14. Motion/Resolution to Submit a Community Impact Statement (CIS) in Support of CF13-1300-S1

Jesse Medina, Stakeholder strongly opposed to the board approving a CIS in support of a ballot/initiative for tax increase.

Jesse Medina relates current LADWP rates from 2006 to present which indicated various incremental increases, sanitation increases, fees for electricity fees. Sanitation & waste disposal fees from $11 to $76 over a period of 8 years. Fees that were approved by voters the hiring of 1,000 additional police officers. Jesse informs the board that until the city is willing to provide a serious budget overhaul, provide accountability of state and local funds already budgeted for infrastructure improvements, and will ensure that funds collected will be distributed equally and in an unbiased manner targeted to those communities and neighborhoods that need it the most, basically voters are approving another levy on their pocket.

Jesse Medina has asked the board to weigh-in on these matters, cause and effect and to oppose this council file. Please be reminded that in the 8 years before Eric Garcetti was elected, income into the city only decreased 2.6% whereas city expenditures increased 32% without any accountability, oversight, or feedback from the public. And very little, if no input from the NC’s on budgets or city funding encumbrances. The City of Los Angeles needs to live within its’ budgetary needs.

The GPNC 2014 Spring Edition – Election’s Issue is completed and has been approved. Stakeholders will receive it Saturday or Monday and it will be in full color. It was a labor of love and there are photos of existing board members, community activities, and all the information about the Glassell Park NC Elections. Last year we had only about 230 voters. This year, we really worked hard to outreach to the many schools, churches, and CBO’s and businesses. We hope to double if not triple the voter turn-out this election cycle. Just getting the word out for candidates went from 5 to 30 candidates. Meeting our strategic plan and goals.

Maggie Darett-Quiroz said that she is working with Jose A. Rodriguez/CD01 and a group of area residents to submit a petition against Super King Market parking, nuisance and employee activities. She mentioned that SKM doesn’t want to pay for parking around the Sony Studios area and that residents and businesses are upset at the nuisance
activities. She suggest holding an upcoming forum or town hall meeting. Employees at Super King are just trashing the area. We need photos of this illicit activity or there is nothing that we can do. We are working to find a solution.

Maggie Lopez-Robles asked if Super King Market is doing anything about traffic. Maggie Darett-Quiroz indicated she is not aware of anything and that residents cannot even have access into their neighborhood. She stated if we all unite and combine efforts to bring residents to meetings, then they might want to consider it.

We are also working to bring youth sports into the area. We’re working with Caltrans to keep the area clean.
