Re: CF 09-2645 – Wireless Telecommunications

Dear Mr. Lid:

Please submit this letter into the public record for the above named council file.

At the regularly scheduled March 10th general board meeting, the Pico Neighborhood Council unanimously passed the following motion:

The Board of the Pico Neighborhood Council respectfully urges that:

- 1) With the City attorney's guidance and consistent with his recommendations, the City enact a comprehensive new ordinance with clear and consistent standards and procedures regulating all wireless telecommunications facilities in the City, authorizing regulation of aesthetics and providing protection to communities and residential neighborhoods to the full extent of the law.
- 2) The City immediately impose a moratorium on all wireless telecommunications facility installations in the public right of way in the City and/or applications for approval of such installations in the City until such time that effective regulation of aesthetics and provisions protecting residential neighborhoods are in place.

Thank you for your immediate attention in this matter.

Sincerely,

Scott McNeely
President, Pico Neighborhood Council
Chair, Land Use Committee
