Dear City Clerk:

On May 11, 2010, the Mid City West Community Council (Mid City West) voted 23-0 to submit the following Community Impact Statement:

The Mid City West Community Council requests that:

1. With the City Attorney's guidance and consist with that office's recommendations, the City enact a comprehensive new ordinance with clear and consistent standards and procedures regulating all wireless telecommunications facilities in the City, authorizing regulation of aesthetics and providing protection to communities and residential neighborhoods to the full extent of the law
2. The City immediately impose a moratorium on all wireless telecommunications facility installations in the public right of way in the City and/or applications for approval of such installations until such time that effective regulation of aesthetics and provisions protecting residential neighborhoods are in place.
