Honorable Mike Feuer, City Attorney  
Room 800, City Hall East

Attn: Terry Kaufmann-Macias  
Ted Jordan

## REQUEST FOR ORDINANCE FOR CITY COUNCIL MEETING

At a special joint meeting held on October 8, 2013, the Public Works and Gang Reduction Committee and the Planning and Land Use Management Committee considered a City Attorney report and Ordinance relative to amending Los Angeles Municipal Code Sections 62.00, 62.08, 62.09, and 62.10 to revise the specifications and procedures for installation of cell towers (above ground facilities) in the public-right-of-way.

The Committees requested the City Attorney to prepare and present for City Council a revised Ordinance to:

1. Remove Los Angeles Municipal Code Section 62.08 I-D-9, which requires applicants to provide a map showing existing gaps in coverage.
2. Allow a more limited exemption to remain in place for utility poles located in commercial or industrial areas.
3. Allow a more limited exemption for very small antennas and wireless communication devices that are becoming more commercially available (small cell technology).
4. Change the notification pattern in the Ordinance from 250 linear feet in either direction to a 250 foot radius.
