I am writing on behalf of the Los Feliz Improvement Association, representing thousands of residents in the Los Feliz district of Los Angeles. We are strongly in support of the Administrative Code Enforcement initiative to be considered on Monday afternoon by the Budget and Finance Committee. This proposal will save time and money by enforcing some municipal codes in a simple, reasonable, and logical way without having to take violators to court. We strongly urge the committee to approve the measure and send it to the full City Council for a vote.

Sincerely yours,  
Donald A. Seligman  
President  
Los Feliz Improvement Association
