SUMMARY

At a joint meeting of the Budget and Finance and Audits and Governmental Efficiency Committees on April 18, 2011, the Committees considered Finance's report, dated April 8, 2011, entitled Accounts Receivable Citywide Improvement Initiatives. Finance reports that several recent studies and audits have been conducted and reports published on improving Citywide Accounts Receivable management including City Controller audits, the Macias Consulting Group Study (Macias Study) - Feasibility and Implementation Study; Centralization of Billing and Collection Activities, and the Commission on Revenue Efficiency (CORE)'s report Blueprint for Reform of City Collections. The Finance report, attached to the Council file, provides information on the work that Finance has initiated to improve collections practices, centralize and consolidate accounts receivable data from all City departments, and address the recommendations from CORE, Macias and the Controller.

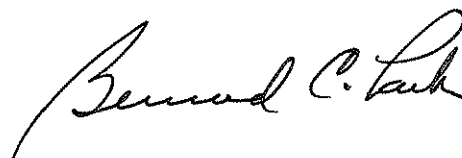

During the Committees' discussion, representatives of Finance provided an overview of the report and its recommendations, and responded to related questions from Committee members. Representatives of CORE and the Neighborhood Council Budget Advocates (NCBA) also addressed the Committees and provided comments regarding CORE and NCBA recommendations. After further consideration and an opportunity for public comment, the Committees recommended approval of the Finance recommendations and requested that the Finance' report entitled Accounts Receivable Citywide Improvement Initiatives be distributed and shared with the NCBA and CORE. This matter is now forwarded to the Council for its consideration.

Respectfully submitted,

BUDGET AND FINANCE COMMITTEE
