Subject: RE 1005.29

As a resident of Los Angeles, I urge you to transfer funds from an earlier billboard settlement case to continue funding the critical City Attorney billboard and supergraphic enforcement action against those who continue to defy the sign laws.

My concerns include:

The safety of residents, firefighters, tenants, pedestrians at risk because of these signs

Enhancing the quality of life by eliminating blight

Retaining skilled investigators whose jobs might otherwise be eliminated

Adding fines and penalties from sign scofflaws to shrinking City revenues
Thank you for working on behalf of residents concerned about these issues.
