Dear John White,

i support the proposed ordinance for Los Angeles City residents to raise the allowance of dogs and cats from 3 to 5. This ordinance will save so many animals lives. The file number is 10-0982.

Please attach what I have written to record.

Thank you,
Janelle Fisher 626-844-7435

Dear Mr. White,

Please add this email to the public record, as evidence of my SUPPORT for the motion to amend the LAMC to raise the number of dogs and/or cats that a City resident may legally have from three up to five animals.

This would provide much needed relief for the overcrowded animal shelters that have to unnecessarily euthanize otherwise healthy and adoptable animals. I know many people in the rescue community who would foster multiple animals if the law allowed for it.

I urge the council and the city to allow this modification, and ask that it be a permanent increase. Each household should be allowed to have five dogs or cats, in any combination thereof.

Thank you.

Sincerely,

Rachel Wolf

I am in support of an increase in both dogs/cats in a residence from 3 to 5. I feel this would make the city money plus make it easier for all the dogs/cats that are now in shelters/rescues. Plus, many already have over 3 and then they would get them licensed.

Please attach this letter to the record.

Thank you for your concern.
