Hi David

I understand you are the deputy involved with this latest travesty being set upon your constituents, by well meaning, but certainly misguided council people. Rosendahl is a known breeder and aligned with other breeders.

So now a law, that will allow other breeder's to set up shop in our neighborhoods. And how would you prove that. And how would you enforce that?

Not enough dog bites, dog poop, BARKING from dogs that are not addressed. Turning one neighbor against another. fear of retaliation, Dog fights, Dog attacks to other dogs, Dogs kept in yard a few feet from someone's bedroom.

My family and I, who contribute to many animal rights organizations are truly outraged at this proposal.

This is a thinly veiled proposal to help some group to get their endorsement.

You have set up the city for many lawsuits,

many dogs belong on farms and rural area's, not in the city

As for Apartments. People sneak dogs in, so no one will be safe should this proposal.pass.

Pease reconsider

The Challenger family,
5th street
Los Angeles, 90048

Subject: more dogs, more poop PROTEST

Please file with city clerk in council file 10-0982

I protest this proposal that would allow households to have five dogs. This is not good. This is not sane. I understand your need to entice new voters but think how this would affect all of us. Every neighborhood. Soon we will be fighting the "Dog Mansionization" Do something right for the people, that is your duty. That is why you were elected.

Richard Hunnicutt
206 So. Poinsettla Pl.
Los Angeles, CA.

I forgot to put Dog House Mansionization. Sorry
