Dear Members of the City Council of Los Angeles,

Council File 10-0982

As a constituent, I am asking that you vote in favor of the proposed new limits for dogs and cats in the City of Los Angeles.

Increasing the limits will allow more animals to be adopted from the shelter, will prevent as many animals from being surrendered, and will generate additional licensing income for the City of Los Angeles.

The many places that have higher limits have not experienced negative impact as the result of such limits.

Thank you for your time,

Dr. David Kalemkiarian

PS:

Increasing Limits on Dogs from Three to Five Per Property and Increasing the Limit on Cats from Three to Five (Indoors) Per Property and Reducing the Number of Guard Dogs to Two Per Property

Please support the animal increase

Dear Council Member --

I am writing to you to request that you SUPPORT the motion to increase the number of animals per household. This is a common-sense change to the law that would reduce the number of dogs and cats being surrendered to animal control as well as to allow more adoptions and reduce the existing and possible future number of animals in our shelters. Furthermore, it would allow an increase in the income to the city of Los Angeles.

It is also and should be noted that you SHOULD NOT increase the fee's, as this will have just the opposite affect of what is proposed.

Please feel free to contact me as required to discuss this matter further.

Sincerely,
Louis Krokover
