Please read my comments below.

It is my best understanding within our city and my community that roughly 68% of the residents support the motion.

But in fact, are afraid to come forward because of any possible negative actions that could arise if this motion were to fail and they were singled out.

This motion **MUST PASS** to protect our rights as individuals, even if the majority is to afraid to speak up at this time.

The claims about more animals running loose on our streets, excessive noise and health issues are totally unfounded.

When you look at other communities across our nation and even in Canada this is not the case. In fact -- Less animals on the streets, no increase in noise and no health issues.

If it can work for them -- Then it can and will work for us.

Thank you for listening to me on this matter.

Your good friend and supporter,

Sincerely,

Louis Krokover

Cathie - I did fax to John and also spoke to him briefly.

If you are able to attend the ENC Executive committee meeting this coming Tuesday at 12:30 PM at the Encino Womens Club, you can speak under public comment for the record.

Hopefully the general board will discuss and support a motion in favor of this at the general meeting on October 27, 2010.

I have also spoken to many city council members expressing my support as a resident of our community.

Sincerely,

Louis Krokover

Thanks Louis -

I have been checking this constantly and the issue is that, other than one communication from Valley Glen NC, all the letters are in opposition.

That is why, as important as your contacts are, you need to write a letter and at a minimum fax it to John White - as do we all. At the end of the day there is no tally of phone calls and emails - it is how many letters did John

City of Los Angeles Mail - Fwd: pet limit

put into the file. All the contact and fax info is on the first page of the cdoc website at www.cdoca.org. LAAS has written to me several time to find out why no one is supporting this now that it has passed the Animal Commission. It could come up as soon as October 25th. If it is defeated in Public Safety, we are done.

AKC is supposed to be sending out a bulletin as well.
