REPORT OF THE
CALIFORNIA MUNICIPAL FINANCE AUTHORITY
Summary and Recommendations

Applicant: Campbell Hall (Episcopal)

Amount: Up to $30 million of tax-exempt revenue bonds to be issued by the California Municipal Finance Authority

Purpose: Acquisition and construction of educational facilities

Primary Activity: K-12 education

Legal Structure: Nonprofit Corporation

Background: Campbell Hall (Episcopal) was founded in 1944 in North Hollywood, California. The school began with 74 students and has grown to over 1,000 students from kindergarten through twelfth grade. For more than 60 years, the commitment to encourage, inspire and nurture all aspects of child development, from the academic and ethical to the spiritual and emotional, has energized the very heart of the mission at Campbell Hall. Believing balance to be crucial in healthy, productive lives, the school’s program provides a vast range of possibilities for creative and intellectual pursuits throughout the campus. The academic program, from primary classes through the most advanced courses at the high school, is structured and challenging. The elementary school provides young learners with a strong foundation in a carefully planned sequence of study. The college preparatory curriculum readies secondary students for the subject mastery and learning processes necessary for advanced study in the traditional disciplines. The school and its faculty endeavor to explore with students the cultures of the world, their art, literature, values, and ideals, and to instill habits of life-long learning.

Campbell Hall (Episcopal) has submitted an application to the California Municipal Finance Authority (CMFA), a joint powers authority of which the City is a member, requesting that CMFA issue its tax-exempt revenue bonds in a principal amount not to exceed $30 million. The bonds will be sold to municipal bond investors. CMFA would then loan the proceeds of the bonds to Campbell Hall (Episcopal) on the terms described in Attachment A under the heading “Financing Structure,” and Campbell Hall (Episcopal) would use such loan to finance its project as described in Attachment A under the headings “Sources and Uses of Funds” and “Project Description.”

In order for CMFA to issue tax-exempt bonds for the Campbell Hall School project, the City Council must first approve the bond issue, in accordance with the CMFA joint powers agreement and Section 147(f) of the Internal Revenue Code. Notwithstanding any such approval, under no circumstances will the City become liable for the repayment of the bonds.
**Recommendations:** Based on the overall Project public benefit and finance related considerations detailed above and on attachment A, it is recommended that the City Council approve the Resolution as submitted to the City Council, which:

1. Approves the issuance of the Bonds and the financing of the project, and
2. Approves all necessary actions and documents for the financing
Attachment A

Public Benefit:

Campbell Hall (Episcopal) embraces the philosophy that the students entrusted to its care are persons of both faith and reason. The faculty and staff encourage each student to quest for knowledge and to fit the educational experience into a pattern of faith for daily living. The school provides a climate where the values of community, self-worth, compassion, respect, service, and responsibility are taught as part of the school’s tradition. Campbell Hall is committed to academic excellence and to the nurturing of decent, loving, and responsible human beings. The issuance of bonds will allow Campbell Hall to achieve a savings in effective interest rate as opposed to other financing alternatives.
