Los Angeles, Ca 900

Re: Council File 10-1443 (10700 Oakdale Avenue)

Dear Ms. Lattimore,

The referenced project is scheduled for the Planning and Land Use Management Committee of the Los Angeles City Council ("PLUM") meeting on February 8, 2011. There is a certain amount of regulatory processing with State and Federal agencies necessary to provide the information requested by City Planning staff. This processing is taking much longer than expected and may take several more months to complete. By this letter, Dr Saheb, the property owner, is requesting an extension of the hearing date to provide for an additional 4 months for the necessary processing and coordination with City Planning staff.

We would appreciate confirmation via e-mail that the requested change has been made and a recommended schedule date. Please do not hesitate to contact me at (909) 957 5734 with any questions regarding this matter.

Thank you,

Gil Prestwood
On behalf of Dr. Shaik Saheb
