RE: Farmers Markets
CF No. [10-1832](#)

Dear PLUM Committee Members:

I strongly urge you to oppose the proposed ordinance.
I am in opposition to the proposed ordinance for the following reasons:
The ordinance does not support local regulated produce businesses
Farmers Market is not defined - what can be sold? Will it turn into a flea market/swap-meet?
What is the quality control of the product, inspections, permits, fees, hours of operation?
R zones are for residential uses not commercial
Environmental impact review does not appear to have been performed, as such the impact to R
zoned areas needs to be determined.
Existing zoning laws and ordinances work correctly and do not require this change.

Sincerely,

John Seletos
Granada Hills Resident
