Subject: Proposed Sewer Service Charge Increase

I strongly protest to the proposed increase in sewer service charges. I don't feel the proposed rate increase are justified based on the notice mailed out November 2011.

I don't feel the 10 year rate adjustment plan is fair us customers based on a lack of financial projections and a lack of any detailed maintenance plans from the Dept. of Sanitation.

I don't feel the discounts to "low income" customers or governmental/public agencies are fair to the average customer.

Our utility bills are filled with obscure and undefined fees, taxes and even "administration fees". Really? What is this. Aren't the the administration employees already paid with our taxes?

NO RATE HIKES, NO TAX HIKES!!!

Let this written notice account for my vote against proposed rate increases.

Proposed Sewer Service Charge

If LADWP would quit
feeding its surplus dollars
into L.A. City's General Fund,
we your customers, would not
be subjected to these
non-ending rate increases.
And we all know this is
true.
