Re: Proposed Sewer Service Charge

To Whom It May Concern,

I am vehemently opposed to this proposed charge. It is time for the city council to stop buckling to union pressures and live within its means. At a time when small businesses such as mine have not increased prices for SIX years, and this increase will hit me as a business owner and as a homeowner, I cannot support the increase. In my business and in my home, I live within a budget. It is time for the City of LA, and the DWP to do the same.

Sincerely,

William J. Colburn M.D.
