Subject: Protest against the sewer service charges increase

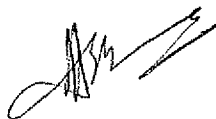

Dear Sir,

I have received the notice "Proposed rate modifications". I read the notice in detail and found it incomprehensive that after the extensive S.S.C increase implemented by the city for the past years, city official are asking the residents to bail-out their wrong decisions concerning sewer operations.

As a residential sewer user and property owner in the community I protest the proposed S.S.C. increase, which will be discussed by the city council at the public hearing on January 27, 2012.

Sincerely,

Anwar Shah

Regarding proposed Sewer Service Charge
Assessor's parcel number 5483 006 002

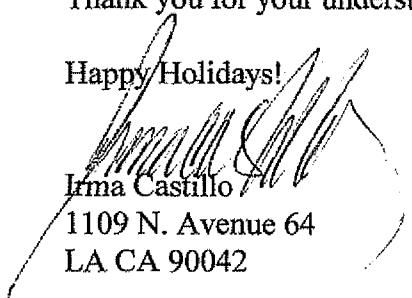

To Whom It May Concern:

No one better than the city to understand and know the hard economic times we are going through, I am in complete shock to hear that despite the hard situation we are experiencing you are contemplating the idea of increasing costs of utilities. Somehow it sounds unreasonable.

I am sure if things were better financially, I wouldn't even bother to write you a letter of inconformity. I am hoping this proposal is reconsidered, or put on hold until things get better, and instead of increasing rates, consider to reduce them until more reasonable times.

Thank you for your understanding, and taking the time to read this request.

Happy Holidays!
