REGARDING PROPOSED INCREASES IN SEWER CHARGE – DON'T DO IT!

Dear Council:

I have received notice of increased sanitation rates. A few days ago I received notice of increased rates from another city service, and few weeks before that another.

When is the city going to start thinking of the people who pay for everything?

Costs always go up. They never come down. Now sanitation wants to get an ok for raising them for the next 10 years! How brazen.

Why don't they cut costs like the rest of us. Some how we do it. Why can't the city do it?

Start with their salaries. Maybe cut them in the same amount proposed. Eeven 1 percent. Then go to benefits, offices and staff, and the costs of producing and mailing these unintelligible notices of how bad we are screwed.

There are so many ways to cut.

This is an outrage.

Do not let sanitation – or any of the other services - do this. Make them tighten their belt like the rest of us.

Thank you,

The letter referenced here is received  
at the same time as notice for  
rate increases for:

LADWP  
and  
So. CAL. GAS CO.

I am overwhelmed as a senior  
retiree attempting to maintain  
our home.

I am registering my protest to  
the sewer charge increase which  
are very high for me now!
