Re: Proposed Sewer Service Charge

PROTEST

To Whom It May Concern:

You are proposing 77% monthly cost increase for a single family residence over a period of 8 years (from \$29.88 currently to \$52.99 by 2020). This is a very steep price increase for any typical family.

This proposal comes at a time of nation wide economical struggle for most middle class families. We do not qualify for any assistant program however, we are not getting any salary increases at our jobs and in most cases we fear losing of our jobs.

During past couple of years, many of us are being forced to cut back on our work hours by our employers, therefore, earning less. At the same time you are trying to increase cost by 77%!!!

This is very unfair proposal. Please make a more reasonable proposal.

Sincerely,

M Shafiee
