SUMMARY

On October 14, 2011, Council considered Motion (Rosendahl – Reyes – Wesson) relative to establishing a "Bicycle Plan Trust Fund. Motion states that on March 1, 2011, Council adopted the 2010 Bicycle Plan, which calls for the establishment of a "Bicycle Plan Trust Fund" to collect developer mitigation fees to be used for implementation of bicycle projects and programs. Motion movers state that the City often requires conditions of approvals or development agreements for land use projects that include the contribution of funds to implement improvements that benefit surrounding communities. Such improvements may include providing amenities for bicycles such as bike racks, lockers, and signage. Expanding these amenities to include bikeway infrastructure would assist the City in fulfilling the vision of the Bicycle Plan. The creation of a centralized "Bicycle Plan Trust Fund" to receive monies, including developer contributions, designated for the formulation and implementation of bicycle-related enhancements and improvements would facilitate more efficient management and administration of such funds. Council referred Motion to the Transportation Committee for consideration.

At its meeting held October 26, 2011, the Transportation Committee recommended that Council request that the City Attorney prepare an ordinance to establishing a "Bicycle Plan Trust Fund."

Respectfully submitted,
