Dear City Council Members,

We, The Greater Griffith Park Neighborhood Council (GGPNC), write to declare our support for Council Resolution 11-0002-S123: 'Corporate Activities In Electoral Processes'. We believe your adoption of this Resolution represents a significant step towards strengthening the democratic process in the United States, moving us one step closer to a being more perfect union.

We urge the Mayor and Los Angeles City Council to continually encourage our state and federal representatives to follow suit in supporting and moving this constitutional amendment initiative forward.

Sincerely,

Ron Ostrow
