Re: Clean Up Green Up - Motion CF 11-0112
Su: Letter of Support

Dear Councilmembers:

COMMUNITY DREAMS submits our Letter of Support for the Green Up Clean Up - Motion CF 11-0112 and requests that the Los Angeles City Council and the Planning and Land Use Management Committee vote in favor of Motion CF 11-0112.

COMMUNITY DREAMS is a Wilmington based non-profit community organization involved in working with communities to find solutions, alternatives and mitigation measures for a variety of environmental, public health, public safety, economic and sustainability problems they face.

We believe that the Green Up Clean Up proposal is an excellent step forward for communities who have identified industries that need to be cleaned up and the need to update the cities out dated policies and planning requirements. We urge you to support the first three pilot communities of Wilmington, Boyle Heights and Pacoima.

The Green Up Clean Up community motion CF 11-0112 allows the City of Los Angeles Planning Department to research and recommend a framework of potential new policies, procedures, best practices and conditional use permit requirements that can improve the quality of life for residents.

In conclusion, COMMUNITY DREAMS requests that the Los Angeles City Council and the Planning and Land Use Management Committee vote in favor of motion CF 11-0112. Please feel free to contact me for any additional information

Respectfully Submitted,

Ricardo Pulido
Executive Director
