FRAMEWORK FOR PLACEMENT ON NEXT
AGENDA TO BE POSTED

#53

MOTION

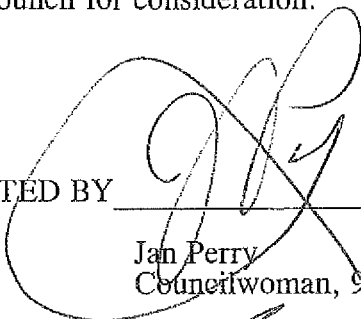

The redistricting process has reached the City Council and is moving fast. And yet no accommodation has been made to conduct hearings in South Los Angeles as well as Koreatown - the two areas in the City that have raised the most concern.

Currently pending in the Rules, Elections and Intergovernmental Relations Committee is a Motion (Perry - Parks) requesting that the Council establish a framework for comprehensive, objective and fair hearings in its deliberations on redistricting, including the following components: 1. Guaranteed public hearing time periods for the people of each Council district; 2. Reasonable advance notification to each Council Office so that members can be able to arrange their schedules for this purpose; 3. A comprehensive racially polarized voting analysis; 4. A clear method for tracking public input about this map; and 5. A set of mapping guidelines to make the goals of this redistricting clear.

Immediate action is needed to withdraw this matter from Committee and adopt the recommendations contained in the Motion so that we can have community meetings in both South Lso Angeles as well as Koreatown.

I THEREFORE MOVE that the Council determine, as provided in Section 54954.2(b)(2) of the Government Code, and pursuant to **Rule 23** of the Rules of the City Council, that there is a need to take immediate action on this matter AND that the need for action came to the attention of the City Council subsequent to the posting of the agenda for today's Council meeting.

I FURTHER MOVE that pursuant to **Rule 54** of the Rules of the City Council, the matter of the Motion (Perry - Parks) requesting that the Council establish a framework for comprehensive, objective and fair hearings in its deliberations on redistricting, including the following components: 1. Guaranteed public hearing time periods for the people of each Council district; 2. Reasonable advance notification to each Council Office so that members can be able to arrange their schedules for this purpose; 3. A comprehensive racially polarized voting analysis; 4. A clear method for tracking public input about this map; and 5. A set of mapping guidelines to make the goals of this redistricting clear., BE WITHDRAWN from committee (10 votes required) and placed before the City Council for consideration.

PRESENTED BY 
Jan Perry
Councilwoman, 9th District
