To all concerned:

Re: Council File CF 11-0262,CPC 2009-800-CA Community Care Facilities Ordinance

On March 19, 2008, the North Hills West Neighborhood Council unanimously passed a Resolution calling for an ordinance to regulate and control rooming and boarding houses, parolee/probationers houses and sober living houses "Group Homes" in low density single family neighborhoods,

On October 18, 2012, at our regularly scheduled public meeting and with a proper vote taken, the newly elected board of the North Hills West Neighborhood Council unanimously passed a motion to support the Community Care Facilities Ordinance (CCFO). We are proud to add our voices to the list of supporters of the CCFO and we urge all members of the Los Angeles City Council to vote to pass this ordinance for the protection of our families and our neighborhoods.

Sincerely,
North Hills West Neighborhood Council

By: Tino Julian, President
