**Re: File No. 11-0262: Community Care Facility, Licensed; Residential Care Facility for the Elderly, Licensed; and Alcoholism or Drug Abuse Treatment Facility, Licensed.**

Dear Council members:

We, the undersigned, are affordable housing providers, lawyers, and advocates for homeless people, veterans, and individuals with disabilities. We write with strong objections to the proposed Community Care Facilities Ordinance, in particular the parolee/probationer provisions and the provisions requiring tenants in low-density zones to share no more than one written or verbal lease.

Our organizations are deeply concerned that the proposed ordinance will increase homelessness among families, youth, veterans, people with disabilities, and seniors. The proposed single lease requirement effectively prohibits siting shared permanent supportive housing<sup>1</sup> in low-density zones. In order to comply with the ordinance, developers would be stripped of important sources of funding which require residents in supportive housing to each have his or her own lease. By limiting shared housing arrangements, the proposed ordinance will also devastate the 43,000 households in Los Angeles who share single family homes in order to make housing more affordable. Families who share housing will either face homelessness, or will be forced to share a lease, leaving them vulnerable to eviction should a co-tenant violate the lease.

Moreover, the parolee/probationer provision would thwart efforts to build permanent supportive housing for the reentry population in any zone in the City by forcing developers to obtain a conditional use permit (and outright prohibiting such homes in low-density zones). Data makes clear that probationers and parolees are more likely to recidivate when homeless than when housed, making probationers/parolees living on the streets a far greater threat to public safety than probationers/parolees who are housed.

The ordinance also fails to accomplish its intended purpose. The provision requiring tenants in R1 or R2 zones to share a single lease purports to respond to neighborhood concerns about nuisance homes. We share these concerns – nuisance homes may threaten the health and safety of neighborhoods and should be addressed. However, the single lease requirement has no effective way to address this concern since homes disrupting low-density neighborhoods can simply comply with the law's letter and place all residents on a single written lease. In fact, nothing in the ordinance prevents an unlimited number of residents residing in a single-family dwelling, as long as all of the residents had a single written or oral lease. Such a home could be noisy, overcrowded, unsafe, and a nuisance to others, but would still not be in violation of the proposed ordinance. Meanwhile, a safe

and well-managed home with multiple leases housing people that would otherwise be homeless would not be permitted.

Last, as detailed in letters from multiple law firms,<sup>2</sup> by limiting housing options for people with disabilities, the proposed ordinance violates federal and state anti-discrimination laws, including the federal Fair Housing Act, the Americans with Disabilities Act, the California fair housing laws, and the California constitutional right to privacy. Moreover, passing this ordinance could place millions of HUD dollars in jeopardy because the City would be in violation of its duty to affirmatively further fair housing.

Should the ordinance pass, the City should expect to defend lawsuits brought by individuals with disabilities seeking to protect their civil rights. Countless organizations have commented on the ill-conceived nature of this ordinance. Voting for this ordinance in its current form would be an abdication of your duty to the City of Los Angeles and its residents. We urge you to vote NO and to find real solutions to the problem of nuisance homes in our City.

**A Motion to Support letter to South Coast Air Quality Management D** Laura Silagi, Co-chair of the VNC Santa Monica Airport Ad Hoc committee [lsilagi@gmail.com](mailto:lsilagi@gmail.com) Passed unanimously on May 23, 2012 **[EXHIBIT A]**

**MOTION:** WHEREAS: Santa Monica Airport's (SMO) aircraft operations negatively impact VNC stakeholders with exposure to lead from piston aircraft pattern flying as well as particulates from jet operations and,

WHEREAS: Multiple studies have demonstrated that there are elevated levels of air pollutants such as lead, black carbon, and ultrafine particulate matter on Santa Monica Airport property as well as in neighboring residential areas; scientific studies by the SCAQMD, UCLA, and the USEPA have shown very high pollution levels directly attributed to aircraft operations at SMO and,

WHEREAS: Lead can have irreversible brain and nerve damage, severe developmental impacts on children as well as adverse impacts on adults. Lead has been found to have neurological impacts on children, leading to behavioral problems, learning problems, and lowered IQ. Adults, when exposed to lead, can suffer cardiovascular problems such as high blood pressure, and heart disease. Finally, lead exposure has also been found to have negative impacts on the nervous system, kidney function, immune systems, and reproductive ability, and

WHEREAS: Local residents living in proximity with the airport face an elevated risk of cancer. Cancer risks to local residents from SMO significantly exceed the guideline lifetime cancer risk of one in a million individuals for cancer risk from maximum exposure to a source of air pollutants under the Federal Clean Air Act. 42 U.S.C. § 7412. According to a study sponsored by the Los Angeles Unified School District, cancer risk arising from maximum exposure to air pollution generated by activities at SMO for local residents ran thirteen to twenty-six in one million, and

WHEREAS: SMO has a disproportionate environmental health impact on local residents because SMO is unique in having dense residential development starting less than 300 feet from the ends of the runway with no buffer zone between the runway ends and the surrounding community and,

WHEREAS: SCAQMD is legally required to implement an Indirect Source Review rule controlling emissions from Santa Monica Airport. The California Clean Air Act requires that SCAQMD "provide for indirect source controls in those areas of the south coast district in which there are high-level, localized concentrations of pollutants ...."

THEREFORE BE IT RESOLVED: That the Venice Neighborhood Council shall send a letter to the South Coast Air Quality Management District (SCAQMD), requesting that the SCAQMD impose an "Indirect Source Review Rule" on the Santa Monica Airport.

**B** **Support for Appeal to Overturn City Approval for Cell Tower Agnes Huff**  
[ahuff@ahuffgroup.com](mailto:ahuff@ahuffgroup.com)

**[EXHIBIT B]**

**MOTION:** The VNC Board supports an appeal to deny the installation of a cell tower on top of the Best Western Hotel at 737 Washington Blvd., reversing the Zoning Administrator's decision for the following reasons (which were previously provided to the ZA:

1. Cannot make findings required for variance to VCZSP specifically in over height and not stepped backed properly (violating VCZSP Section 10.G.3.a and Certified Venice Land Use Plan Policy I.A.1 and Exhibits 13-16);
2. Does not fall within the exception of VCZSP 9.C.2 (not essential building function) that allows for 5 extra feet of height,
3. Lack of data, including, drawings, renderings, visual impacts and additional development area required for proposed new antennas.
4. Failure to present on alternatives or lack of alternatives location.
5. Continued overwhelming community opposition with the appeal, including over 450+ signed petitions.

This appeal will be heard by the Area Planning Commission on June 20, 2012.

**MOTION** : WHEREAS, the Milwood Walk Street Neighborhood has for years not known which City of Los Angeles Department has responsibility for walk-path maintenance and improvements in the area; and

WHEREAS, the Milwood Walk Street Neighborhood has recently been informed by City officials that such walk street maintenance and improvement are the responsibility of Los Angeles Department of Recreation & Parks but the Department of Recreation and Parks has not been responsive to requests from the community to accept such responsibility nor to designate an employee to be a point of contact for the community and;

WHEREAS, the neighborhood has not received any formal notification from the City of Los Angeles as to the responsibility for their walk-paths,

THEREFORE, BE IT RESOLVED that the Venice Neighborhood Council and the community receive formal notification prior to July 17, 2012 from the City of Los Angeles as to the City Department responsible for maintenance and improvement of the walk-paths in the Millwood Walk Street Neighborhood in Venice, and that such notification include Department contact information, the name and title of the person responsible for community contact, and the terms of such responsibility.

This motion shall be forwarded to LA City Council District 11 Representative Bill Rosendahl and the Los Angeles Department of Recreation and Parks and the Venice Walk Streets Neighborhood Association.

**MOTION** : Whereas: Post offices have provided essential information exchange since our country's founding, becoming town centers important to the unity of their communities and with the buildings becoming historic landmarks, and

The United States Postal Service (USPS) has been shackled since 2006 by uniquely crafted, uniquely implemented legislation introducing a pre-funding obligation whose excessive burden is borne by no other public agency and no private business, and

The USPS is our nation's most trusted public service, satisfying its by-law Universal Service Obligation to serve all Americans, regardless of geography, at uniform price and quality, and reaching more Americans than every other information exchange at any cost, yet

The USPS has failed in its due diligence obligation to justify and/or validate closure of Venice Main Post Office or to protect Venice Main Post Office's historic resources in the event of sale, and

Venice Main Post Office and its customers have already been severely impacted by a service reduction such that the facility operates out of compliance with USPS regulations, and the USPS's action to relocate a percentage of current Venice Main Post Office services exacerbates the agency's non-compliance and further harms Venice Main Post Office customers, and

The USPS is our nation's third largest employer, and is one of our nation's largest employers of minorities, led by African-Americans, who make up 21% of Postal workers, and the USPS is our nation's single largest employer of veterans, who make up 130,000, or 22% of its ranks, and nearly 49,000 of whom are disabled, and

Current plans to close ten percent of Postal revenue centers, with further plans to close fifty percent of Postal revenue centers will decrease Postal revenue while disproportionately harming American minorities and veterans, and

Currently proposed Congressional legislation would: destroy 200,000 public service jobs, threaten a 1.3 trillion dollar mailing industry that employs 7.5 million private-sector workers, threaten small businesses, rural customers, elderly customers and medicine recipients by ending Saturday delivery, force closure of thousands more post offices, severely reduce Postal revenues by slowing mail service, alienate millions of Americans in thousands of communities by withdrawing their town centers, while ignoring the single cause of the Postal Service's manufactured crisis, and

The USPS is financially sound and would rank as number 35 on the 2011 Fortune 500 if it were a private agency, and produces its own positive cashflow, without cost to taxpayers, solely from sales of stamps and related products, and

The USPS is our government's only guarantee to provide all Americans with equal, affordable and free speech access to information exchange, and must continue to satisfy its Universal Service Obligation, and

Venice Main Post Office is one of hundreds of historic post offices and thousands of regular post offices that are essential to the civic life of small towns and large cities across the nation, and

Halting postal facility closures, relocations and consolidations will save livelihoods and, potentially, lives of public servants and customers during this Great Recession while providing much-needed stimulation for our country's economy, and

Acknowledging through action that the unparalleled economic and intrinsic value of our country's most trusted public service can benefit our country's Congressional public servants,

Venice Neighborhood Council, on behalf of a community united from all areas of the political spectrum, now therefore calls upon

Councilperson Bill Rosendahl, Los Angeles City Council, Mayor Antonio Villaraigosa, Supervisor Zev Yaroslavsky, Assembly Member Betsy Butler, Senator Ted Lieu, Congresspersons Janice Hahn and Henry Waxman, Governor Jerry Brown and Senators Barbara Boxer and Dianne Feinstein to respond in a like united action to petition President Barack Obama to execute and sign an Executive Order to:

- 1) Direct the Postmaster General to bring to an immediate end all sales, closures, consolidations and relocations of historic post offices, and
- 2) Direct the Postmaster General to end closures, consolidations and relocations of all other postal facilities.
- 3) Relieve the USPS of its unique and undue pre-funding burden,
- 4) Refund all currently held USPS over payments.

## **F** Removal of Landscaping in lots 701 & 703 James Murez [murez@venice.net](mailto:murez@venice.net)

**MOTION:** Write a letter to council office requesting DOT Off-Street Parking find an alternate solution to the request made by LAPD to remove landscaping from the visitor serving parking lot on Venice Blvd. (commonly referred to as LA City Lot 701 and 731).

Background: LAPD has stated they have received several compliant calls from the neighbors about people sleeping overnight in these lots. They have also said these people are storing private property in and behind the bushes. Officer Thusing stated it is difficult for LAPD to patrol these lots because the vegetation is to tall and dense for the officers to get a clear view of the lot.

Possible Alternate Solution:

1. Around the exterior of the lots remove Fountain grass and Flax plants that exceed 18" at maturity and replace them with native grasses specified on the Venice Blvd. Landscape plans with a verity that does not grow taller than 18" at maturity.

3. Raise the canopy of the Oak trees where possible to allow a minimum of 6' of clearance below.
