Subject: Community Care Facility Ordinance OGHRG

To: "Sharon.Gin@lacity.org" <Sharon.Gin@lacity.org>

To Whom It May Concern;

As my husband and I have lived in Granada Hills for over 20+ years, we have seen and felt the first hand effects of unregulated 'sober living facilities' which is actually an oxymoron. We are tired of the abuse that we must endure because of the loopholes in the law. The illegality of this situation is plain, yet we have waited four years for the Community Care Facility Ordinance to be passed, yet we are still in limbo. Safety and enforcement officials need this CCFO to be in place so they can take steps to enforce the law, laws all citizens should have to abide by for a healthy and safe life here. I strongly hope that you will consider our plight, as we have no protection for our families as it stands today.

Sincerely,

Drew and Louis Raynor
