Subject: Community Care Facilities Ordinance
Date: September 17, 2012 7:50:17 PM PDT

Dear Councilman Krekorian:

The Studio City Neighborhood Council has read the letter from the Los Angeles Chief of Police, dated August 14, 2012, related to the proposed Community Care Facilities Ordinance (CCFO), a copy of which is attached hereto. The Chief of Police indicates that the Department has analyzed the proposed Ordinance and they have recommended a number of significant changes. All of the recommended changes are designed to support the Department's efforts in Crime reduction and Community safety related to "High Risk" facilities which are defined in the letter as including (1) Alcoholism or Drug Abuse Recovery or Treatment Facilities, (2) Community Care Facilities, (3) Parolee-Probationer Homes and (4) Boarding or Rooming Houses.

We support the recommendations in the letter and request that the Council incorporate them into the CCFO.

We are grateful for your support and the support of the CCFO expressed by the Chief of Police.

Sincerely,

John Walker
President
Studio City Neighborhood Council
