Subject: mural ordinance public comment
To: councilmember.martinez@lacity.org

I am unable to attend the continued City Council meeting next Wednesday, August 28 so I would like for this written comment to be entered into the public record:

Concerning Agenda Item 11-0923. Mural Ordinance.

Recently, the wall of my back yard in Van Nuys was tagged. Tagging is not an art form. Tagging is blight. Murals, on the other hand, are a delight.

I have always enjoyed murals in Los Angeles. We have some great mural art and artists. I even have some friends who are muralists. Any law that would increase the number of murals and would give us a chance to decorate our walls, whatever walls they be, with art, is all right with me. I endorse the proposed amendment 5-c allowing murals on single family residences. Maybe we could then have a mural that can be seen from the 405 freeway as it runs past our yard.
