SUMMARY

At a regular meeting held on January 17, 2012, your Trade, Commerce and Tourism Committee considered a Chief Legislative Analyst report relative to forms of economic development support of the Olympic North hotel project, and related actions, pursuant to Council action of October 18, 2011.

Motion (Perry-Reyes, CF#11-0966) instructed the CLA to evaluate and recommend appropriate forms of economic development support for the proposed Olympic North Hotels project. This development would create two hotels with a combined total of 392 rooms in the Los Angeles Sports and Entertainment District (LASED) in Downtown Los Angeles. The Developer, Williams/Dame & Associates, Inc./901 West Olympic Boulevard Limited Partnership, has entered into an agreement with Marriott Hotels to build a single structure that will contain both a Residence Inn and a Courtyard at the site, with support parking and amenities. Project development is consistent with all requirements laid out in the LASED and is fully entitled, allowing for construction to begin as early as April 2012.

As with other significant hotel developments that have received City development assistance, the Developer has requested assistance to complete the financing package for this project. A draft Memorandum of Understanding has been prepared to allow for the negotiation of terms and conditions necessary to implement such assistance. Further, the Developer would be required to provide up to \$150,000 for consultants who will verify the economic impacts and financial needs of the hotel. Such assistance would conform with established City policies on economic development and would be consistent with other hotel and mixed-use projects recently approved by the City.

An opportunity for public comment was held. After a brief discussion, the Committee moved to approve the recommendation contained in the report.

This matter is now forwarded to the Council for its consideration.

Respectfully submitted,
