Community Impact Statement

The Porter Ranch Neighborhood Council supports Council File 11-0983 for the official naming of our community as Porter Ranch. More than seventeen months ago the PRNC submitted a petition signed by 540 stakeholders requesting the City Of Los Angeles to recognize Porter Ranch as a community within the City.

At the October 2012 meeting of the Porter Ranch Neighborhood Council it was moved and seconded that The Council submit a Community Impact Statement in support of Council File 11-0983. The vote on the motion was unanimous (11-0-0) There were no negative comments from our close to 50 stakeholders present.

This Council File is due to expire on June 9 2013 just a little over six months from now. Please don't let the 540 stakeholders who signed this petition and our numerous stakeholders who support the petition, allow it to "Die in Committee". We ask that the Education and Neighborhoods Committee expedite this File and send it to the City Council for a vote as soon as possible.

Thank you,

Paula Cracium, PRNC President

Richard Rippey, Petition Initiator
