

CITY OF LOS ANGELES
INTER-DEPARTMENTAL CORRESPONDENCE

Date: October 13, 2011

To: Shannon Hoppes, Acting Chief
Council and Public Services Division

From: 
Todd Gaydowski, Division Manager
Records Management Division

**SUBJECT: NAMING / RENAMING OF A COMMUNITY
PORTER RANCH
(COUNCIL FILE NO. 11-0983)**

I have reviewed the Indexes to the City Council Records and the City Archives records inventory database for reference to Porter Ranch. The City Council records contain references to Porter Ranch dating back to 1963 and the City Archives records inventory contains records relating to Porter Ranch dating back to at least 1964.

Council File 93-1628 set forth in a draft ordinance proposed boundaries for various communities in the Valley. The proposed community was not named in the draft ordinance but the area encompassed by the proposed community of Porter Ranch was part of the larger community of Northridge. However the draft ordinance was never approved by the City Council.

I found no other records pertaining specifically to the area in question.
