1. DIRECT the City Administrative Officer in consultation with the Chief Legislative Analyst, Bureau of Sanitation, Bureau of Engineering, Bureau of Street Services, and Los Angeles Department of Water and Power, to report with near term recommendations for establishing recreational zones along the Los Angeles River in coordination with County agencies and the U.S. Army Corps of Engineers.
2. SUPPORT the Recreational Zone Pilot Program concept and the Mountains Recreation and Conservation Authority (MRCA) management of the program contingent upon Los Angeles (LA) County and other public agencies approvals as recommended in the letter from the Department of Recreation and Parks (attached to the Council file).

6. INSTRUCT all City departments including City Planning, Department of Recreation and Parks, Transportation, Bureau of Sanitation, Bureau of Engineering, Los Angeles Police Department, and Department of Water and Power to provide assistance in expediting any request for the implementation of this pilot program.
7. REQUEST the MRCA to rework parking on Fletcher in collaboration with CD Four and CD 13 as it relates to unloading equipment for recreational use during the pilot program.
8. REQUEST the MRCA to come back to the Ad Hoc River Committee with an evaluation at the end of the pilot program.
