Comments for Public Posting: I encourage the Plum Committee to support the compromise solution to allow digital signs in Sign Districts only and to reject all options that allow digital signs outside sign districts.

Comments for Public Posting: As a resident of downtown, I ask that digital signs appear no where except in designated sign districts. I would prefer no digital signs whatsoever, however. These energy-guzzling contraptions degrade our public spaces. They distract drivers. They turn elegance to crassness. I ask you to stand up to the political power and campaign money of the sign companies.

Communication from Public

Name: Billboards

Comments for Public Posting: My concern for billboards outside of special sign districts. Billboards should only be allowed in special sign districts. Please don't change this. It's the communities responsibility to see that their regulated and kept in their own sign districts. The billboard companies would have them everywhere. Please don't let that happen.
